2,013 Others Under Government Control to Open Monday

## 518 Dangerous U.S. Coal Mines to Stay Closed

### Lewis Flays Late Action By Official

WASHINGTON, April 3 — (AP) — Interior Secretary Krug today directed that 518 government-operated soft coal mines in the United States remain closed indefinitely because they are believed dangerous.

KRUG SAID the 2,013 other mines under federal control could reopen Monday at the conclusion of the six day "mourning" period called by John L. Lewis for miners killed at the Centralia, Ill., disaster.

THESE PITS will be closed until certified by the local union's mine safety committee and the operating managers or until new inspections determine that they are "reasonably safe."

Lewis later commented: "May God in heaven forgive him" for not closing them before 111 miners died at Centralia.

Lewis was testifying on mine

### Continue Liquor Advertising Ban

Policy of the Alberta government on liquor advertising is to maintain and continue present restrictions, that is, not to permit such advertising, Premier Ernest Manning stated Thursday following a cabinet meeting.

"With consumption of liquor that is today, we do not believe it should be necessary to advertise it," he said.

THE PREMIER'S comment was made in respect to the Dominion government announcement Wednesday that all restrictions on liquor advertising had been removed. Previously the Dominion had handed back to the provinces the control and administration of the entire liquor business.

Before the imposition of federal restrictions on beer and liquor advertising during the war, the provincial government exercised control over size and frequency of such advertising.

### Molotov Assails Greek Democracy

MOSCOW, April 3.—(AP)—Soviet Foreign Minister V. M. Molotov tonight denounced the "kind of democracy" that exists in Greece and accused Foreign Secretary Ernest Bevin of often defending dictators in the name of democracy.

Molotov did not speak in an angry tone, and the exchanges eventually evoked laughter among the Big Four. But Molotov's inferences were plain and unmistakable.

The Molotov-Bevin exchange on Greece came during a debate over whether the Allies should impose a system of elections by proportional representation in Germany or let the Germans choose for themselves.

### Mrs. Dick Witness In Escape Try

HAMILTON, April 3.—(CP)—Mrs. Evelyn Dick, sentenced to life imprisonment on a charge of manslaughter in the death of her baby and now anonymous jail inmate swept back into the news today through being a witness to an attempted jail break at Barton Street jail.

IT BECAME known this morning that three women attempted to break out of the jail. Their attempt failed. But Mrs. Dick, central figure in the sensational torso-murder trials here, saw the attempt and will be a court witness against the three women.

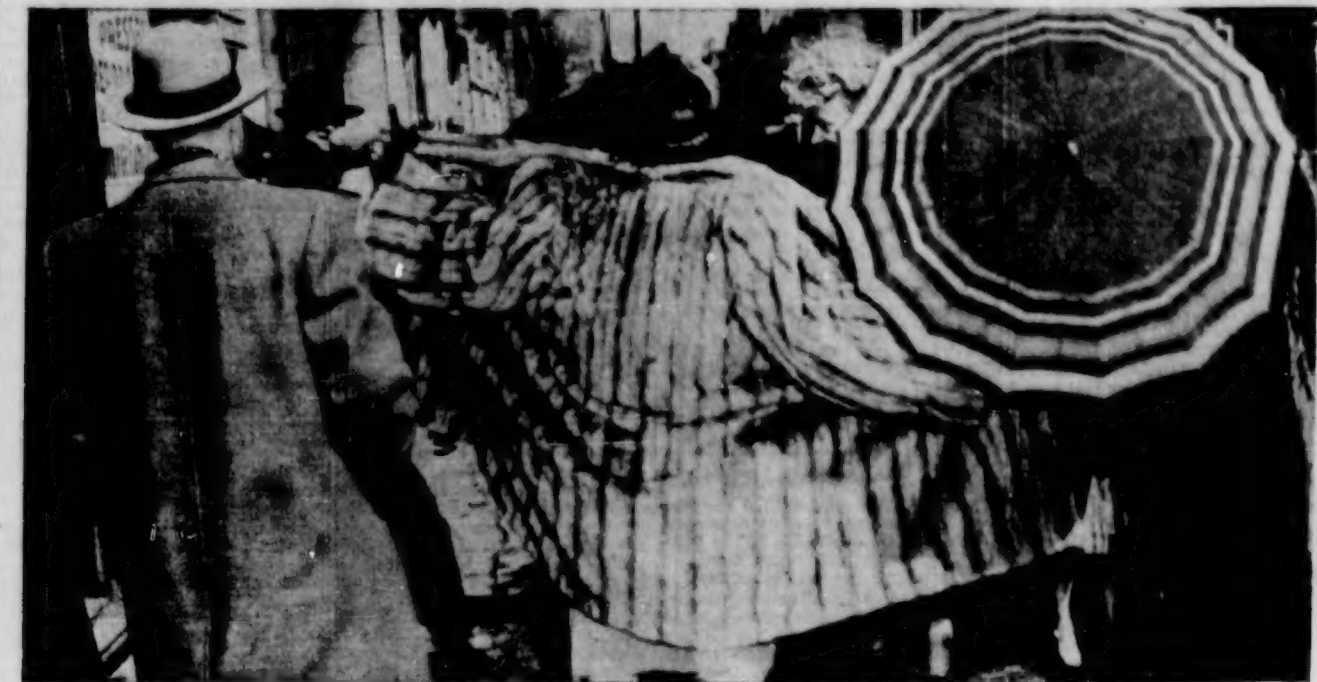

Mrs. Dick has been in old Barton Street jail more than a year during which time she became one of the stand-out figures among its inhabitants, the woman charged for so long with the torso-killing of her husband—a charge on which she was acquitted—and the woman to whom all bits of prison gossip were brought.

### NEW LABOR DISPUTE

VANCOUVER, April 3.—(CP)—A new dispute threatened the British Columbia lumber industry today with 13,000 loggers planning a "Saturday holiday" until there is settlement of their claim for a 40-hour week.

### Liberal Maurice Hartt Wins in Montreal Cartier By-Election

LIBERAL MAURICE HARTT WINS IN MONTREAL-CARTIER BY-ELECTION: For the first time 200 nuns left their cloisters to vote in the by-election. They were shielded as much as possible from the public gaze by members of the order who formed a solid wall as shown in this picture. The voting brought many disorders and a gang raided the headquarters of Paul Masse, anti-Communist candidate, and several shots were fired.

### Agreement Gives Power to Build Fortifications

## United States Is Given Sole Trusteeship Over Three Strategic Pacific Island Chains

By Francis W. Carpenter  
 LAKE SUCCESS, N.Y., April 3.—(AP)—The United Nations Security Council approved last night, after sharp debate between the United States and Soviet Russia, an agreement giving the United States sole trusteeship over the vital strategic area of three Pacific island chains wrested from the Japanese.

ANDREI A. GROMYKO, Russian delegate, voted with the other 10 members of the council on the final tally.

He had abstained on a critical vote on an American amendment giving the Security Council and the United States the right to change or discontinue the agreement.

Gromyko, whose government had announced its support of the American trusteeship proposal in February, fought hard to write in a

### Despite Appeal Miners in Ruhr Stage Big Strike

ESSEN, Germany, April 3 (AP)—The Ruhr's giant coal industry came to an almost complete standstill today as most of the area's 300,000 miners ignored British appeals to remain on the job and walked out in demand for more food for their families.

WORKMEN, at the mines in Dortmund and Hamborn, who struck earlier in the week, entered the pits as usual, however, apparently satisfied with the part they had already taken in the demonstration.

Miners in the Cologne area—technically not part of the Ruhr—remained on the job. But reports from throughout the Ruhr indicated that most of its 170 mines were idle in a strike expected to cause a loss in production of 300,000 tons of badly-needed coal.

IN ALMOST every mining town—drab today in drizzling rain—workmen failed to show up on the job—despite an "urgent request" made by authorities in a radio broadcast in German last night. The walkout order was issued by mine union leaders yesterday at Bochum.

### Explosion Takes Lives of Twelve

CLINTON, Mo., April 3.—(AP)—The death toll from an explosion and gunpowder-fed fire here yesterday rose to 12 today as two persons died in hospital. Three persons were injured.

TWENTY-EIGHT employees were making toy buzz bombs in the Brown manufacturing company's one-story, frame building when the blast occurred. Shortly after the explosion, flames were so intense that firemen were unable to get closer than 100 yards from the building.

Some of the victims were so badly burned identification was only possible through personal effects or teeth.

### Finance Minister Says "No" Won't Hand Provinces Rent Control Problem

By Dick Jackson  
 EDMONTON BULLETIN OTTAWA BUREAU  
 OTTAWA, April 3.—(CP)—Reports that Finance Minister Douglas Abbott is to throw the hot potato of rental control into the unwilling hands of the provincial governments, was discounted in Ottawa this morning.

WHEN THE PROPOSAL was put up flatly to the minister's office the answer was an unqualified "No."

Certain it was that Mr. Abbott would be announcing the new policy of relaxing rent control very shortly, perhaps this week and definitely before May 1.

Best guess has been—but it has only been a guess—that rents will be hiked 10 per cent for unheated

TO VISIT CITY: Hon. James A. Mackinnon, minister of trade and commerce, and member of Parliament for West Edmonton, who will arrive here on Friday for a brief visit.

### Crack Down On Tax Evaders

OTTAWA, April 3.—(CP)—Cracking down severely in line with government policy to hit hard at large income-tax evaders, Magistrate Glens Strike today sentenced Joseph H. Vineberg and his son S. Vineberg, 34, to six months in jail plus a \$40,000 fine. The elder Vineberg, 65, was granted a suspended sentence.

The men, who operate a department store under the trade name of Larocque Registered, must serve an additional 18-month jail term if the fine is not paid by Saturday.

### New Ambassador

OTTAWA, April 3.—(CP)—The external affairs department announced today the appointment of James Alexander Strong, Canadian trade commissioner and consul at New York, as Canadian ambassador to Peru.

### 1,100 Injured India Riots Toll Now 2,090 Dead

CALCUTTA, April 3.—(AP)—Dispatches from Lahore said today the official casualty tally showed 2,090 persons killed and 1,100 injured in disturbances which began among Hindus, Sikhs and Moslems of the Punjab March 4 after resignation of the province's coalition ministry.

HOME SECRETARY MacDonald, giving these statistics, was quoted as saying that figures still were being collected from two northwestern districts which were among the most seriously affected.

Calcutta and Howrah to the west were quiet today, and Bengal province apparently was returning to normal after a week of Hindu-Muslim disorders.

Both communal rioters and police used firearms today in new disturbances in Howrah, the Calcutta suburb, the latest Bengal government riot communiqué announced.

### Britain to Modify Conscription Law

By FRASER WHIGHTON  
 LONDON, April 3.—(Reuters)—The government will table an amendment to modify the provisions of its own peacetime conscription bill which last Tuesday caused the biggest Labor party split in the life of the present administration.

THE AMENDMENT proposes to reduce the period of compulsory military service from 18 months to one year—a move urged during this week's debate by Labor member R. H. S. Crossman, leader of the recent revolt against the government's foreign policy.

The effect of this amendment may be to rule out more than half of the 75 Labor members who voted against the bill Tuesday, but it is likely to bring unfavorable reaction from the Conservative opposition, which united with the government to give conscription approval in principle by 386 votes to 85.

### Touring Royalty Takes to Air

PRETORIA, South Africa, April 3.—(Reuters)—Viking aircraft carried the king, queen and the two princesses from Pretoria to Pietersburg, principal town of Northern Transvaal, today. The king and Princess Margaret flew in the first Viking which carried Gen. J. J. Pienaar, administrator of the Transvaal, and Mrs. Pienaar. About 1,000 people gathered at the Zwartkop airfield to see the royal family leave for their day's visit to Pietersburg.

### \$15,691,975 Estate

SCRANTON, Pa., April 3.—(AP)—Personal property in the estate of the late Charles S. Woolworth was valued at \$15,691,975 in an appraisal filed yesterday by executors. Woolworth, who died Jan. 7, had holdings worth \$9,368,445 in the F. W. Woolworth Company of which he was a co-founder.

### Conference Not Failure Or Success

BERLIN, April 3.—(AP)—Gen. Lucius D. Clay declared on his arrival today from Moscow that "all hope has been given up of reaching a settlement on reparations at this conference."

The American military governor for Germany, who was Secretary of State Marshall's chief advisor on German affairs in Moscow, said the conference was "not proving a failure, but also is not proving a success."

Although describing the reparations issue as in "deadlock," Clay said he believed the conference was bringing out and developing the basic issues, which were "clear cut."

The general said it would be impossible to realize economic unity in Germany at the present conference and that "nobody expected to."

IN MOSCOW Secretary Marshall told the council of foreign ministers today the United States would be willing to consider limited German reparations from current production, but only if the Allied powers agreed to leave in Germany a number of plants now earmarked for capital reparations. He reaffirmed in a paper circulated among Foreign Minister Molotov, Foreign Secretary Bevin and French Minister Bidault that "present demands to increase the rep-

### Killed 4,000,000 Order Nazi Executed

WARSAW, April 3.—(AP)—Rudolf Hoess must pay with his own life for more than 4,000,000 lives snuffed out at Oswiecim (Auschwitz) extermination camp in the 2½ years he was Nazi commandant there.

The 47-year-old ex-colonel, on trial for three weeks, was sentenced to death last night by a nine-judge Polish tribunal. The condemned man, stocky and clean-shaven and wearing a green German officer's uniform, was calm and attentive as he listened through headphones to the hour-long reading of the judgment. The courtroom was crowded.

No date was set for the execution.

In the trial, the prosecution accused Hoess of supervising the gassing and cremation of some 3,000,000 Jews and 1,000,000 other men, women and children from a dozen European countries at the camp in southwestern Poland.

Hoess, commandant at Oswiecim from mid-1941 to the end of 1943, questioned this figure. He said he could count only 2,500,000 victims. He took responsibility for carrying out the exterminations, but blamed superiors for the institution of the policy.

### Huge Profits By Newsprint Mills

MONTREAL, April 3.—The Gazette today in a special dispatch from Quebec says "The record prosperity and enormous profits now being enjoyed by Canadian newsprint manufacturers may be a cause for gratification to security holders, but it cannot be denied that some concern is being felt here as to the long-term wisdom of the industry's present price policy."

THE DISPATCH says manufacturers, have put increases into effect with remarkable unanimity. The "practice and pattern" being for every leading manufacturer to announce an increase and the others to follow suit.

Newsprint companies listed by The Gazette, with profit-increase percentage from 1943 to 1946, are: Consolidated, 275.5; St. Lawrence, 145.1; Price Bros., 210.3; Abitibi, 501.5; International, 270.4; Lake St. John, 389.1.

### Disaster in U.K. Said Unparalleled

LONDON, April 3.—(Reuters)—Floods, blizzards, snow and frost have brought to Britain "an unparalleled disaster" Agriculture Minister Williams declared in the Commons today.

Some 600,000 acres of arable land had been flooded in 31 counties, 70,000 acres of winter grain—almost all wheat—destroyed by floods, and another 200,000 by frost.

FLOODS AND FROST together destroyed 80,000 tons of potatoes. Losses of sheep and lambs in England and Wales totalled over 2,000,000. About 32 per cent of hill sheep and seven per cent of lowland sheep were destroyed. Some counties had lost half their sheep. About 30,000 head of cattle destined for slaughter were also lost.

Emphasizing that these figures were only interim estimates, Williams said the government considered restoration of food production in the stricken areas a matter of national importance.

### 14-Year-Old Boy Dies at Jarvie

A 14-year-old boy, Bernard John Jarvie, of Jarvie, collapsed and died suddenly near his home on Wednesday according to RCMP. The youth is reported to have been pushing a wheelbarrow of wood when he collapsed. The coroner, Dr. F. Woodman said an autopsy would be performed to find the cause of death.

### Fear 120 Drowned

SHANGHAI, April 3.—(Reuters)—About 120 Chinese passengers are feared to have been drowned when the small Chinese river steamship Lusan sank yesterday on the Yangtze after an explosion in the ship's engine room, press reports said today. Only 16 people are known to have been rescued.

## Funeral Services For Mrs. Wickoss

RAULP.—Funeral services were held recently for Mrs. Martha Marie Wickoss who died in hospital at Camrose. Service was from the Baptist Lutheran church and was conducted by Rev. A. K. Odland. She is survived by her adopted son, Fred of Vancouver.

Funeral services were the Rogness brothers, O. Leinen, C. Leinen, T. Anderson and H. Nelson.

Mrs. H. Jacobs and Mrs. Erick of Okotoks sang a duet during the service.

## Jasper Students Present Program

JASPER.—For two nights the Grade Nine Drama club of the Jasper Junior High school put on an evening of entertainment. On both evenings the school auditorium was packed.

As the patrons entered they were met by a colorful reception committee. Frances Scott and Margaret Hart, dressed in traditional red, black and white Jasper school sweaters gave out the program while Mary and Eileen Ellen dressed in red and white collected tickets.

The play "The Child Wonder" was presented. It was a one-act humorous play dealing with the home life of a child actress. Lloyd Windy, the father and Pat McEllan as the boy played their parts well, while others in the cast were Barbara Winters as the mother, Laura Bishop as the nurse, Ervin Sande as the butler and Lorraine Wachter as the columnist.

Polk dancing followed. These were: sailor dance with Helen MacDonald, Doreen Hunter, Bernice Thrasher, Sheila Winter, Norrene Norquay and Joan McNeilly; Comin' thru' the Rye with Marjorie Seward and Mary Margaret Donnelly; four pretty girls with Marjorie Clark, Shirley Hillworth, Shirley Clarke and Maureen Nicholls; Yankee Doodle with Helen MacDonald and Alma Burstrom and finally a Schottische with Barbara Olson and Wilma Johnson. The folk dancing was accompanied on the piano by Mr. Dunlap one of the high school teachers.

The second play of the evening was "Buddy Buys an Orchid." The story tells of the trials and tribulations of a 16-year-old boy on the night when he is taking a special someone to a dance. Len Crowther as Buddy and Norma Sparks as the mother did very well. Others in the cast included June Seward as Buddy's sister, Jim MacPhayden as her boy friend and one of the best laughs of the evening was Simone Driver as the colored maid.

The program ended with another series of folk dances. They were Indian club swinging with Joan McNeilly, Alma Burstrom, Barbara Olson, Mary Margaret Donnelly.

Wayne French of Armema will teach Ibsen school pupils, replacing Miss May Whamond of Donalda. Miss Ellen Mortenson of Rosalind will teach Norbo school and F. W. Powell from Saskatchewan will teach Bonnie Brae school.

G. L. Weber, veteran of the Second Great War, who has taken over operation of the bus line from Red Deer to Veteran. The former Edmontonian will operate the line under the name Cardinal Coach Lines. Mr. Weber left the University of Alberta to enlist in the navy and for the past year has been employed in the head office of the Saskatchewan Bus Lines of Red Deer, from whom he is taking over the new bus line. He is a son of Mrs. N. Key Weber, Edmonton, and the late Mr. Weber.

### A Matter of Timing

The orderly decontrol of prices is not an exact science. When a price ceiling can be taken off with more advantage than disadvantage to the public is a matter of timing—and the timing has to be set largely by guesswork.

Any one of several things can happen when the restrictions are removed. Prices may shoot suddenly upward—or they may not. The market may be flooded with supplies which, according to popular report, have been held back in expectation of decontrol—or this may not happen. A moderate price-increase may stimulate production, and this react quickly to bring market prices and consumer earnings into balance—or the levelling off may be delayed by any one of a number of factors.

Consumers will have to wait and see what will be the immediate effect of the removal of price ceilings from a wide range of goods, announced on Tuesday. Whether this action was premature or well-timed in any particular case will not be known for some days or weeks. Meanwhile, opinions on the subject are not of much value, for they can only be attempted predictions of the unpredictable.

This is the fourth major instalment of decontrol. The country is being eased back from rigid wartime regimentation to free enterprise gradually, the aim being to encourage production but not do so at the cost of allowing the consumer to be exploited and throwing the national economy into chaos.

The other three instalments of decontrol were not followed by serious price-inflation. And supplies of commodities thus released have been increasing steadily, in some cases very rapidly. Precedent therefore warrants a hope that the present measure may not cause marked price advances, but that it will be followed by faster production and a freer distribution of the goods affected.

Having three times guessed with fair accuracy as to when it was time to take off controls, the officials may not be far out in their fourth venture.

### Canada's Bachelors

Patrick Ashby, member of parliament for Edmonton East, has informed the House of Commons that Canada's "economic ills" stem from the fact that for the past 25 years she has had "bachelor administration." He referred, of course, to the unmarried condition of Prime Minister Mackenzie King, Lord Bennett and several members of Mr. King's cabinet.

It would be gallant and proper, and perhaps safer, to agree with Mr. Ashby and to expatiate on his remark by pointing out that no man possesses a complete experience of life without, at least, a flutter in matrimony. His economic perception cannot be ripe until he has wrestled with dressmakers' bills. His patience cannot be fully developed until he has paced the floor at night with a squirming and screaming infant. His tolerance and tact are merely embryonic until he has learned to deal with those problems of temperament that arise over the breakfast table.

From this standpoint, there is, indeed, a great deal in what Mr. Ashby says. As a training for any arena, including that of politics, there is nothing to beat marriage.

But it would be a social calamity to leave the statement unchallenged from all angles. Matrimony may be broadening, in more senses than one, but it is also restrictive. That is to say, it takes a lot of time to be a good husband. And how can a man struggle with the knotty perplexities of statecraft while his mind is agonized with a frantic search for means to pay for his wife's new fur coat?

Far be it from one's thought to depreciate the value of a sympathetic and understanding helpmate. Women have contributed infinitely to the careers of some of our greatest men.

But that is not the whole story. The case for the opposition, and it is a case which has points, is probably summed up best in the old aphorism:

"He travels fastest who travels alone."

### Looking Them Over

A Senate committee has learned that Canadian agents are in Palestine, in connection with the migration to Canada of relatives of Canadian citizens.

What precisely the agents are doing there is not stated. One thing they should do is look carefully into the affiliations and records of every person in that turbulent area who wants to come to this country.

There is no reason to associate the masses of either Jews or Arabs in Palestine with the terrorism that is rampant there. The mischief-makers are of course a minority, a small minority. In all likelihood many of them are neither Jews nor Arabs, but fugitive criminals of assorted nationalities who have flocked there to take advantage of the opportunity to steal or kill under cover of the disturbed conditions.

But sorting out the desirable from the undesirable is a painstaking job in so badly mixed a community. Canada can well accept as many desirables as are likely to be found there. But it has no room for law-breakers, and in the circumstances extraordinary care will have to be exercised to single out those who are acceptable.

### The British Zone Only

While the British and United States foreign ministers were arguing at Moscow that Germany should be given some system of self-government, it was in the British occupation zone that hunger riots and strikes were staged.

This is a curious, and perhaps significant, paradox. It has not been claimed that people in that area of Germany are faring worse than those in the Russian, American or French zones. Why should they break into disorder while their compatriots in the other areas are apparently quiescent?

It certainly is not the case that Britain has been more niggardly than the other three powers in supplying food to its wards. Reports have shown no wide difference between the calorie allowances in the Ruhr and elsewhere. Britain has in fact been shipping food to Germany at the expense of cutting down the supplies of its own people—food which British taxpayers are buying abroad on credit.

Is this peculiarly anti-British feeling a hang-over from 1940? It was Britain that stopped Hitler. Is that why the Ruhr is in an uproar while the rest of Germany is relatively free from demonstrations against the other occupying powers?

There is room to suspect that hatred, as well as hunger, has something to do with demonstrations which are confined to the British zone. Maybe some of those "We want Bread" banners should be inscribed "Strafe England."

Another attempt has been smashed to bring Nazism back to life. That's fine. But it makes one wonder how many attempts have not yet been smashed and whether one day one of them will nearly succeed.

The Calgary Tribune demands that no charter be granted in Alberta except for a railway running directly north and south from Calgary. The Tribune seems to think that Alberta is a park on one of Calgary's back lots.

The Macleod Gazette mentions the case of a stockman who lost 50 per cent of his stock this winter. He had two heads.

The Indians of Ermine Skin's band at Bear's Hill are greatly excited over some supposed practices of witchcraft by an old woman, member of the band. She was reported to be "making medicine" and had several members of the band under her enchantments. The belief in witchcraft, although decreasing, is still strong among the Indians and hard to overcome.

### HOW TO TORTURE YOUR HUSBAND

by Webster

### White Man's Folly

BY ELMORE PHILPOTT

There is no such thing as a real "white" race. That part of the human family we miscall "white" is really a murky grey. But accepting for the sake of argument, the popular classifications of race—Caucasian, white, yellow, red, brown and black—let the fool "white man" never forget that he is a mere third of the human family; that he is outnumbered two to one by those over whom he asserts his "white supremacy."

HOW SMART is the white man, in fact, by comparison with those whom Kipling called "lesser breeds without the law . . . ?" Here are three items in the news which suggest to me that some white men not only are not smart, but dumb almost beyond belief.

The first is a statement by Senator Bilbo, who wants to take all the millions of Negroes in the United States and ship them to Africa.

The second one is from South Africa where white men of both Dutch and English descent want to ship to India the quarter million Indians in that country.

The third is from South Africa, where a justly famous and fine Anglican clergyman, Reverend Michael Scott, has just been sentenced for the "crime" of going to live amongst the impoverished Negroes—thus violating segregation "laws."

HERE IN NORTH America we read the last item and shake our heads in wonder at the folly of

PHILPOTT

South Africa. As Premier Smuts blurted out, in what must surely go down as a speech so foolish as to mar his whole career—which is mostly fine—the "whites" of South Africa are a tiny little minority established at the southern tip of a vast continent, in which non-whites outnumber them about a hundred to one.

Self interest should suggest—if no higher values are heeded—that the only way that tiny white minority can live in future generations in peace in Africa is on a basis of harmony, equality and friendship of all human beings.

If the white man is so plain down-right dumb as to try to maintain his human relationships on mere force—what he is strong enough to impose by whips, bullets, bayonets, bombs—or fines on clergymen—how long will it take the non-whites to follow suit?

Once aroused—as they surely will be if the white man persists in acting as if he were not only overlord of creation, but a brutal Simon Legree type of overlord at that—the people of Africa will fall on the whites with a fury unequalled in history. The white man is asking for what he will surely get if he keeps on the way he is going. He will find himself literally swept from Africa into the sea.

WE LIVE IN TIMES when unclean ideas sometimes seem to spread like fires in dry grass.

Lord help us if Senator Bilbo's crazy plan of forced deportation of the negro population from the United States ever gains a following.

The certain result would be, not that the Negro majority was chased out, but that the southern white

minority was, just as Hitler's insane crusade ended by having the exactly opposite result of that promised—so would Bilbo's.

If human beings won't live together as human beings—won't give up their immoral pretences of superiority—their impossible attempts to maintain "supremacy" of one section of humanity against another—then the white fools will get their way exactly as Hitler got his. They will get their struggle, but it will work out as Hitler's did—in reverse.

AT THE UNITED Nations Assembly in New York, Mrs. Pandt, brilliant lady leader of the Indian delegation, figuratively wiped the floor with the aged and unhappy Smuts. He did not have a leg to stand on.

In the very preamble which he himself had insisted in writing into the charter of the United Nations, the principle of equality of races, sexes, colors and creeds is set forth plainly.

The time has come when the white man can't have it both going and coming. Either he has to live up to his fine words in such things as the Constitution of the United States and San Francisco Charter, or else he has to have the mask stripped from his face as the world's worst hypocrite and biggest fool.

I say "biggest fool"—for if the minority ever starts the throwing out process his own color will be its chief victim.

Signed articles and columns on this page are the opinions of the writers and are not necessarily endorsed by the Edmonton Bulletin.

### The Communist Party's Status

BY DOROTHY THOMPSON

The discussion over whether or not the Communist party should be suppressed in the U.S. has so far largely been confined to "realistic" questions, such as, "Will they not be more dangerous underground than aboveground?"

The Communist party is a legal organization in America. It may offer candidates for State and National legislatures and for the presidency. It is a crime to belong to it.

It is at the same time an international organization, with branches throughout the world. Since almost all of us are citizens of the United States, the internationalism of the party is hardly a reasonable charge against it.

Yet Americans are divided in their attitude. The American Communist party is legal, and so is membership in it—up to a point only. It is not legal for an alien abroad who wants to emigrate to America or one here seeking U.S. citizenship to belong to it.

I SUBMIT that this division in the legal status of Communists is legal confusion; for it is not an offense for an American citizen to be or become a member of the Communist party. Why bar a would-be American citizen for having joined the party and movement elsewhere?

It is the more illogical because of the very fact that the international Communist party is a highly disciplined, centrally guided organization.

Mr. Eisler, who was a Communist in Germany, is not out of harmony with his fellow Communists here. They are neither better nor worse than he. Had he decided to begin his Communist career in the United States, after entrance, he would be in no legal trouble.

We do legally discriminate, therefore, against members of the Communist party. But the discrimination has been anti-alien rather than anti-Communist.

NOW COMES PRESIDENT Truman's demand for loyalty tests for public officials. Under them, a member of the Communist party or follower of its policies becomes unfit for public office. How is

this compatible with the legality of the party and its right to aspire to run the government? The dual policy creates a special class of citizen pariahs, men who are barred from equality with other citizens for something that is not a legal offense.

In this situation there is legal injustice, giving Communists a case which no one better than they know how to exploit.

Either the Communist party is legal, in which case there should be no discrimination whatsoever against its members as immigrants or officials, or it is an illegal organization altogether—an outlaw, in the exact meaning of that word.

Now, I believe the international Communist parties are, by their nature, illegal and out-of-law. The organization is not a party, in any sense of that term, as used by parliamentary states. It is an international conspiracy. The question of whether it is more dangerous if "driven underground" is off the point. Its directing forces are underground anyway. Even fairly high functionaries in this "party" do not know who the real directing personalities are.

The Communist party prefers a legal status, but not for the purpose of subjecting itself to legal behavior. Its functionaries travel under aliases, forge passports, make false declarations, conduct star chamber courts. In principle, indulge in espionage, conspire to assassinate through libel and slander the careers of persons they wish to remove from public life, even commit murders—usually of their own "renegades." Leon Trotsky being the most famous example.

A "PARTY" that is a law unto itself cannot claim legal protection. It is not its internationalism per se, nor the professed goal of the Communist party—world socialism under a single system—which delegitimizes it, but the means and methods it employs to reach that goal, which are felonious under any rule of law.

The grounds for suppressing it are not that it seeks to subvert the state by violence. That might be difficult to prove. It is not beyond Communism's only tactic. Most successful so far has been the device of the "popular front," through which Communists ride into power "legally," within the Trojan horse of non-Communist "liberals." The

modern technique for the overthrow of constitutional states is first to get into power; and then to accomplish the overthrow with violence, using the power of the State, not defying it.

No, the ground for suppressing the Communist organization is that it is a criminal conspiracy, encouraging its members to commit felonious acts, acting as an accessory to such acts; not content to seek to change the law, but alienating persons from the law.

Banning it on such grounds would not end the conspiracy, but it would make it possible to deal with conspiracy instead of with a "party."

### Distinction

Halifax Herald

There is a classic story about a Chinaman who was asked why pagodas are built with multiple, curved roofs. "Because," he replied, "that's the way to build a pagoda."

If you build a structure with onion-shaped domes, classic porticos, or Gothic arches, you may have a fine building, but it won't be a pagoda.

The same principle applies to the question which sometimes arises: "Why do sailors wear bell-bottomed trousers?" And the answer is: "Because that's a sailor's rig."

### Socialism Defined

Winnipeg Free Press

The word "Socialism" is so commonly in use in everyday political discussions, that it is worthwhile to reproduce the definition as given by a standard dictionary. It is as follows:

"The name applied to theories of social organizations having for their aim the abolition of that individual action on which modern societies depend, and the substitution of a regulated system of co-operative action; especially, a system which makes community of property a necessary condition of political improvement."

## A Housing Racket

BY HARPER PROWSE, M.L.A.

During the past two years racketeers have had a field day selling homes at outrageous prices. Many of their victims have been servicemen who found themselves in such desperate need of a place to live that they were willing to pay any price in order to get a roof over their heads and provide shelter for their families. Nobody has regretted these incidents more than the legitimate real estate dealers, for they have basked in the reflected infamy which attended publicity given to many of these incidents.

Some of these racketeers were licensed as real estate dealers. And when the facts were reported to the provincial government authorities they cancelled their licenses. But this didn't stop the transactions. For the operators then proceeded to buy outright so that they weren't operating on commission, which put them beyond the control of the provincial regulations.

HOWEVER, it is hoped that at long last the government will be able to check the racketeers. At this session the legislature passed a new "Real Estate Agent's Licensing Act." This act provides that nobody shall trade in real estate unless he is licensed to do so.

The word "trade" in this act covers any transaction in real estate, although exceptions are made to permit persons who are not ordinarily engaged in trading

in real estate to acquire and dispose of property. This exception was put in to permit a person to buy or sell his own home without being a licensed dealer.

Another important provision in the new act is that the superintendent may refuse to issue a license to any person, if after investigation, he believes, for any reason that the applicant is not a suitable person to be licensed. Also the superintendent may cancel a license if he believes it is in the public interest to do so. Appeal from the action of the superintendent may be made to the minister whose decision will be final.

These are broad powers, but the house felt that only in this manner could adequate protection be offered to the public. And it was felt that no minister would dare to abuse these powers, given to him for administrative purposes, in a democracy. This may have elements of danger in it, but it is as dangerous to the public welfare as things were before.

THANKS

Editor, Bulletin—At the closing meeting of the Ladies House Committee of the Glenora Club, held recently, a motion was made and passed, that we express our appreciation for your support and very generous co-operation during the past season.

May I personally add my appreciation to that expressed above.

(Mrs.) R. BLANCHE HART,

Press Representative for the House Committee, Glenora Club, 10731 126 Street.

TOURISTS OR CITIZENS?

Editor, Bulletin—I live in the south of Alberta and I suppose no worse off as to roads than most. Our trouble is that the best roads appear to be designed for tourists instead of inhabitants. Now we have a road after a long struggle, it is to be re-routed so that no one is on the highway, unless we move. We can't sell tourists anything on the doorstep.

I think it is time we forgot about tourists. It would be better to insult all we can of them and, if possible drive them out of the country so that roads will be made for us—that is unless someone can get it through the ivory that a road for us can serve both purposes.

CIVIL PENSIONS

Editor, Bulletin—Your editorial in Saturday's Bulletin on Pensions gives a very misleading impression of the effects of the new Civil Service Pensions Act now before the Legislature.

It is true that this Act provides for pensions up to \$3,000 per year for Alberta civil servants but, in practice, very few civil servants will actually receive pensions in the neighborhood of that amount. Under the present Superannuation Act the pensions now being paid average less than \$50 per month; the new act will increase those pensions by an estimated average of 40 per cent; that is the average pension paid under the new Act will be less than \$70 per month.

Since the civil servant pays half of the cost of these pensions by a five per cent contribution from his salary, the government has to find only \$35 per month of the average pension. This is no larger than the old age pensions being paid to the general public by the Dominion and provincial governments jointly.

Therefore, under the new Pensions Act, the civil servant will not be getting any more than the general public, as your editorial seems to imply. It should not be forgotten that a receipt of a civil service pension debars a retired government employee from receipt of an old age pension, notwithstanding the fact that civil servants contribute their share of the cost of old age pensions along with other taxpayers.

As for the provision that up to \$1,500 may be paid to widows of civil servants who die while employed, this is, in effect, a straight group life insurance provision no different from the many group insurance plans either in its operation or its results, which employers in private industry provide for their employees.

As a member of the committee which assisted the government in the preparation of the new Act, I should appreciate it if you would give this letter due publicity.

### The Enduring Victory

St. John Telegraph Journal

There is always something sentimental in our regard for an old ship. There is something special in our love of the old Victory. She survived storms and the roundshot of Admiral Villeneuve. She survived Hitler's attempts to blast Portsmouth, where she lay. We know that Nelson drew on New Brunswick for many of his best ships and it may be that the Victory had masts and yards from our woods. Shipwrights and riggers wrought well in the eighteenth century, and because of that the Victory survived.

SLIM IS THE WORD for summer fashion. Long midgy-tops over pleats stress the importance of a streamlined figure. Designed by Capri of New York, this basic summer dress moulds your figure in clean-cut, clinging lines.

If you want to look your youngest, slimmest, and loveliest in the new fashion . . . you must watch your diet. And, in any safe diet to gain and keep a lovely figure, you should eat certain special foods because of their "protective" qualities.

That is why Kellogg's All-Bran is included in the new scientific weight-control menu. All-Bran is made only from the outer layers of the wheat grain. This is the vital part so rich in iron and certain other "protective" food elements your body must have if you want to keep your vitality . . . your very joy in life.

You will be glad to know, too, that All-Bran is guaranteed, on a double-your-money-back basis, to keep you regular naturally. Natural regularity is always advisable, diet or no diet. Ask your grocer for a package of Kellogg's All-Bran today.

# City Churches Arrange Good Friday Services

One of the most significant anniversaries observed by Christian churches the world over, records the dark closing of a new chapter in Christian history, in preparation for the turning of a new page—the dawn of new hope signified by the resurrection on Easter morning. That is Good Friday and Edmonton churches will observe the day to recall to their congregations how Jesus Christ died on the cross.

**CHURCH HISTORIANS** agree that the annual observance of the day did not occur until late in Christian history and that it grew out of the habit of Jewish Christians, converted to the faith, who had observed the Passover.

The day was known as "Long Friday" by early Anglo-Saxons, due, it is thought to the lengthy services held in the churches on that day.

The name of the day came from "God's Friday," which through time and usage, has become what we know as "Good Friday."

Sacred music written for the day, will be featured in many of the city churches, at both morning and evening services.

**ANGELICAN** churches hold three-hour services on Good Friday. All Saints Cathedral directed by the Rev. E. S. Ottley; Christ Church directed by the Rev. Canon W. M. Nainby; Holy Trinity directed by the Rev. A. M. Trendell; St. Faith's directed by the rector, the Rev. L. M. Watts; St. John the Evangelist directed by the Rev. Canon C. F. A. Clough.

**ST. MARK'S** Anglican church will commence its three-hour observance at 11 o'clock.

The cantata "The Last Supper," by Thiman, will be presented at Christ Church at 8 o'clock in the evening. At the same time the congregation of Holy Trinity will hear "Olivet to Calvary," Maunder

**GOOD FRIDAY:** The Very Rev. Dean A. M. Trendell, who will conduct "Three Hour Meditations" from 12 noon to 3 p.m. at Holy Trinity Church on Good Friday. The Rev. E. S. Ottley, rector of Christ Church will be in charge of the service at All Saints Cathedral.

with William Townsend and J. A. White as soloists. Mrs. T. H. Mackie will take the soprano part in this cantata.

"Passion of Christ," by Fletcher, is the cantata under preparation for All Saints Cathedral at 8 p.m.

**SERVICES AT METROPOLITAN** United Church will be for the combined congregations of that church and of Knox United. The Rev. R. M. Thompson will be preacher and Knox Junior and Teen-Age choirs will furnish the music. The service commences at 11 a.m.

"The Crucifixion," by Stainer will be sung by McDougall choir in McDougall United Church at 3:45 p.m.

**TOPIC** of the sermon at Robertson United will be "There is Life for a Look." The service will commence at 11 a.m. The solo "He Was Despised" from "The Messiah," will be sung by Mrs. H. G. Arnstead.

At 5 p.m., soloists Mrs. A. T. Gray, Miss Bessie Parson, Ted Anderson and W. J. Angus will be heard in the cantata "The Saviour of Men," in Central United church.

**SERVICES** in the Beulah Tabernacle will be under the direction of the Calgary Youth Group and will commence at 8 p.m.

At Pentecostal Tabernacle Rev. D. N. Buntin will bring an Easter message at 10:00 a.m. and Beatrice L. Sims will speak on "Sevenfold Revelations of Christ" at 8:00 p.m.

**ALL EDMONTON** Presbyterian churches will join in a one-hour

church will be in English. English services will be held at Central Lutheran on Friday evening at 8 o'clock.

The Rev. T. J. Stanton said that Good Friday services will be held at Buchanan United Church at 10 a.m. and at Eastwood United at 11 a.m.

A special Good Friday Service, directed by Dr. E. J. Thompson of St. Stephen's College, will be broadcast over CICA from 4 to 4:30 p.m. Selection from Stainer's "The Crucifixion" will be a feature of the broadcast.

## Plan Reconstruct Abbey at Cassino

**LONDON, April 3.—(Reuters).—**An international committee has been set up for the reconstruction of Monte Cassino Abbey founded in the sixth century and wrecked during the Allied advance on Rome in 1944. Vatican radio reported yesterday. President will be Prince Louis Chigi-Albani, Grand Master of the Order of Malta.

## No Clothes Coupons For British People

**LONDON, April 3.—(AP).—**Millions of Britons lost their chances for a new suit or dress today. The government announced that the issuance of new clothing ration coupons had been postponed from Aug. 31 to Oct. 31 because of production losses in the cotton and wool industries during the winter fuel crisis.

## March On Capital

**ASUNCION, April 3 (AP).—**Police ordered this capital and its environs under a curfew today, ordering theatres and places of amusement closed by 11 o'clock nightly and all persons to be indoors by midnight. Dispatches from Concepcion, northern stronghold of Paraguayan rebels, reported that an insurgent army of 10,000 men was marching toward Asuncion but had been delayed by swampy terrain.

## Japanese Prince Runs Fish Store

**TOKYO, April 3.—(AP).—**Prince Naruhiko Higashi-Kuni, former commander of the Japanese army in China, commander of Japanese homeland defenses during the war and premier of all Japan following the surrender, obtained a license yesterday to run a fish market in downtown Tokyo.

## Queries on RCMP Get Terse Reply

**OTTAWA, April 3.—(CP).—**The justice department came up with a lot of tight-lipped answers yesterday in the recent series of questions asked about the RCMP by Alistair Stewart (CCF—Winnipeg North).

**THEY SAID** there was a "special section" of the force operating under Supt. G. E. Rivet-Carnac, assistant director of criminal investigation, and that it had been known as the Intelligence Section within the last two years. It conducted "special investigations." It would be "prejudicial" to its work to say the number of men it contained and the training they received.

Another answer said a one-month survey of some persons of German origin was proceeding at the time of Germany's war collapse. No general conclusions had been reached.

## No Tax Agreement For Nova Scotia

**OTTAWA, April 3.—(CP).—**Nova Scotia yesterday emerged as the third Canadian province unable to come to a financial agreement with the Dominion government, with the statement by Premier Angus L. Macdonald at Halifax that finance Minister Abbott's latest answer to Nova Scotia proposals indicated the Dominion's position remained "as it had been for some time."

**THE PROVINCE'S** latest request was that the Dominion move out of the minor tax fields and undertake to hold annual Dominion-provincial conferences during the five-year term of the taxation agreement.

However, in a brief reference to the federal government's reply during a budget speech Thursday, Mr. Macdonald said the Dominion refused to vacate the electricity tax field and would withdraw from the amusement and pari-mutuel fields only if adequate compensation were paid by the provinces.

## Protest Attack On Relief Ship

**SHANGHAI, April 3.—(Reuters).—**Maj.-Gen. Glenn F. Edgerton, director general of China's UNRRA office, today lodged a formal protest with the Chinese government and the military departments concerned over yesterday's air attack on the UNRRA relief ship Wanshen. William D. Haining of Vancouver, the Canadian first officer, was reported recovering from his wounds today. Capt. William Lee, who was seriously injured, was reported out of danger. The protest asked for an assurance against a repetition of similar incidents.

## Won't Have Music B.C. Beer Parlors

**VICTORIA, April 3.—(CP).—**A last minute opposition move to permit sale of sandwiches and allow music in British Columbia beer parlors, was defeated as the Legislature gave third reading to the amended Liquor Act here yesterday.

## U. of A. Graduate Admitted to Bar

**University of Alberta** graduate who won many awards during his university career, Carleton W. Leviston, was admitted to the Alberta bar by Mr. Justice John Macdonald in a ceremony at the court house Wednesday.

**HE WAS PRESENTED** by Carl W. Clement, K.C., to whom he has been articled. Mr. Leviston will be associated with Ald. James H. Ogilvie in practice.

Born in Melfort, Sask., Dec. 17, 1920, he attended high school at Kitchissippi and Vermilion, and began his studies at the University of Alberta in 1939.

**HE COMPLETED** his first year of law in 1943 with first class general standing and was awarded the scholarship of the Senate, and Board of Governors, the Carwell Prize in law and the A. L. Burt Prize in history.

Completing his second year in law in May 1945, and receiving his bachelor of arts degree, he was

awarded the B'nai B'rith, and the Carwell prizes in second year.

In April, 1944 he was awarded the Newton Wesley Rowell fellowship in law at the University of Toronto for the 1944-45 season, and in May, 1944, on completing his final year in law, was awarded the chief justice's gold medal and the National Trust Company prize in law.

He continued his post-graduate studies at the University of Toronto in 1944-45, and in 1945-46 continued studies, and teaching, under a teaching fellowship.

His parents, Mr. and Mrs. C. W. Leviston, reside at Vancouver, B.C.

## CPS Promotion

**MONTREAL, April 3.—D. K. Buik, of Montreal, Tuesday** was named assistant to the managing director of Canadian Pacific Steamships by Capt. R. W. Murray, the managing director of CPS with the British Ministry of War Transport in Montreal from its formation in 1948 until 1948.

Mr. Buik has been on loan as assistant manager of Saguenay Terminals of the Aluminum Company of Canada for the past year.

## Mayor Will Open Coming Dog Shows

**Mayor Harry Ainlay** will officially open dog shows to be held in the Prince of Wales Armory next Monday and Tuesday, at 8 p.m.

**TWO COMPLETE** shows, one for sporting dogs sponsored by the English Cocker Spaniel Club of Alberta, and one for all breeds put on by the Capital City Kennel Club, will be featured Monday night. A show for all breeds, under direction of the Edmonton Kennel Club, will be held Tuesday.

Fifty per cent of net proceeds will go to the War Services Council, to assist in providing comforts for hospitalized veterans.

A door prize, a registered English Cocker Spaniel puppy, will be awarded at the conclusion of proceedings Tuesday night. The Judges will be well-known Canadian dog authorities.

## BULLETIN

## Along the Fairways

—with Bert Greer—

Edmonton has already had a few April showers—in the form of snow, and accompanied by icy winds—but the golf-starved fairway exponents are casting their eyes skyward and predicting another pleasant weekend on the courses.

A number initiated their new woods and irons and others gave their old weapons another chance to redeem themselves last Saturday and Sunday. The courses were reported in reasonably good condition, considering the erratic weather the past few days.

**DIGGING UP** golf news in this "off" season has nothing in common with picking cherries in an orchard, your correspondent discovered yesterday. The first port of call was Pete and Alex Olynik's golf school, where the sociability was excellent, but the news—well, there just wasn't any.

Then, when the news prospect appeared to be at a very low ebb, someone, like a bolt from the blue, volunteered a story. Things were picking up, thought this disconsolate one, but it turned out to be that old yarn about the Scotchman who knew his Hebrew opponent was not playing his original ball, because he had the Hebrew's ball in his pocket.

**THE GLOOM BEGAN** to close in again, when along came Gordon Smeltzer, whose booming woods and irons echo and re-echo along the Mayfair fairways from sun-up till sundown all summer long.

Gordon looked like a good prospect. He was an old acquaintance and was generally bubbling over with golf stories. But this was another day, and Gordon was not in a very laudatory mood. He mentioned that he had been out on

Sunday with Ingle Cameron, Amby Allard and Joe Harvey. They had three 87's and a 90 at the Prince Rupert course and some of the shots included "beautiful" shanks, hooks and slices.

**NOT SATISFIED** that Gordon had divulged everything, your scribe pursued him right to his dinner table, and after an excellent meal, cornered him in his own living room.

That was the last straw, Gordon gave up.

"O.K., I'll give you a story," he said in exasperation.

Once again the "rain" clouds cleared away and everything appeared rosy.

**THEN HE RELATED** a tension-packed feud he'd had with Amby Allard that lasted for 14 years. It all started after a kidding match on the course. They kept track of the holes won through the years. At one time Amby held a 42-up lead and years later Gordon had won them all back and moved into a 42 lead on Amby. Last summer they were back even again, shook hands and called the feud off.

"That's fine. Now if you can just elaborate a little on it."

"Oh, you wouldn't want that for the paper," Gordon remarked, "that story was published last summer."

So what chance has a man to make an honest living. Hand me a mask and a sawed-off shotgun, someone, and I'll give the "Green Hornet" something to do.

CANADIAN FINAL  
LIKELY IN NHL

DETROIT, April 3 (AP)—It began to look today more and more like an all-Canadian final series for the National Hockey League's prized Stanley Cup.

Toronto Maple Leafs, runners-up to Montreal in the regular season, carried a one-game edge in the fourth game of their semi-final playoff set with fourth place Detroit, scheduled here Thursday.

**MONTREAL'S NHL** champions were within a single game of eliminating Boston.

Detroit, which needs to win three of a possible four more games to dump the Leafs from the play-offs, faced the difficult task with an extra disadvantage as defenseman Bill Quackenbush was declared out of action indefinitely with twisted ligaments in his right knee. This was the result of a collision with Toronto's Gus Mortson in Tuesday night's rough and tumble play here won by the Leafs, 4-1.

**ANOTHER TORONTO** triumph here Thursday would send the Leafs home for Saturday's fifth game needing a single victory to enter the cup finals.

Detroit manager Jack Adams was undecided how to fill Quackenbush's shoes but was expected to call either Hugh Millar or Al Dewsbury.

**CANADIENS ONLY** NEED ONE MORE WIN

MONTREAL, April 3 (CP)—Montreal Canadiens more battered than when they left here last week but one game nearer victory in the Stanley cup semi-final series, arrived home Wednesday from Boston and will renew their hard-hitting round with the Bruins tonight before another sell-out crowd at the forum.

Two crippled players, one out for the balance of the season and the other unlikely to play again in this series which Canadiens lead three games to one, returned with the team. Ken Modell from the forward line had a broken arm and defenseman Ken Reardon had a cut tendon in his big toe.

**GENERAL MANAGER** Frank Selke confirmed the Modell fracture, received Tuesday night during Canadiens' 5-1 victory when Kenny fell while running his own act and struck his arm on the goal post. The arm is broken between the wrist and the elbow, Selke said.

The cast on Reardon's toe, cut in Saturday night's rugged game

**Locke Invited To Canadian Open**

TORONTO, April 3 (CP)—The Royal Canadian Association Wednesday announced that invitations to the Canadian open golf championship at Toronto Scarborough Club July 15-19 have been sent to Bobby Locke, South African champion, and all those playing in the master's invitation tourney this week at Augusta, Ga. Locke is playing in the British open from June 30 to July 4 and is visiting this continent before going back to South Africa.

Given Sentences  
For Attempted Fix

NEW YORK, April 3 (AP)—Harvey Stemmer and David Krakauer Wednesday were sentenced to from five to 10 years in prison for attempting to fix the Dec. 15 professional football game between Chicago Bears and New York Giants. Jerome Zarowitz drew an indeterminate penitentiary sentence with a maximum of three years.

Stemmer, 37, Krakauer, 42, and Zarowitz, 33, were convicted March 9 on charges of being the brains behind Alvin J. Paris in the attempted fix.

Paris was convicted earlier of attempted bribery of Merle Hapes and Frank Filchok, New York Giant stars, in an effort to get them to "lay down" in the game. He is to be sentenced Monday.

**J. P. Fitzgerald Passes Suddenly**

TORONTO, April 3 (CP)—J. P. Fitzgerald, for 47 years on the staff of the Toronto Evening Telegram, died suddenly last night at his home in nearby Oakville. Beloved veteran of the Canadian sporting scene, he suffered a fatal heart attack.

Mr. Fitzgerald was 70 years of age and a lifelong resident of Toronto. He is survived by a son, Morris of Toronto and a daughter Helen at home. His wife predeceased him a number of years ago.

**MR. FITZGERALD** was a small well-knit man with iron grey hair and an unassuming manner. In his youth he was an outstanding athlete and was catcher for the university of Toronto baseball team. Following his graduation from university he was offered a professional baseball contract but turned it down. For some time he contemplated joining the orders of the Roman Catholic Church, of which he was a devout member.

In 1900 he joined the staff of the Toronto Telegram as a cub reporter and rose to the position of sports editor. His true love in the sport world was baseball and among the greats of the game he was a compatriot. When Ed Barrow, owner of the New York Yankees spoke to a sport gathering in Toronto some years ago, he eulogized Mr. Fitzgerald as a man who had given much to the game.

**WEDNESDAY HE WAS** at his desk as usual. By habit he came to the office of the Telegram early and wrote his popular sports column. Then he sat, invariably with his pipe drawing nicely, and shaped the sport page for the day.

He went to his home in Oakville, was met by his daughter and complained of a sore throat. Later he said he felt worse and shortly after, he collapsed.

His death was a shocking blow to members of his staff at the Telegram. To all he was "the chief," a man respected, and beloved by his colleagues.

**TRIBUTE IS PAID TO TORONTO WRITER**

MONTREAL, April 3 (CP)—Elmer Ferguson, sports editor of the Montreal Herald, last night paid tribute to J. P. Fitzgerald as "an accurate and fair reporter and a very definite personality not only in Toronto but in the entire Canadian sports scene."

Mr. Fitzgerald, sports editor of the Toronto Evening Telegram, died suddenly last night at his Oakville, Ont., home.

"He was a real authority and a modest gentleman," said Ferguson. "He was a sports editor of the Montreal Daily Star, said: 'He was one of the finest and grandest men in the newspaper profession and was looked on by all of us as a model of what every sport writer should be. We have lost a great personal friend. He went the way he wanted to—in harness and active to the end.'"

Edwards Elected Head  
Of Edmonton Curlers

J. R. (Bob) Edwards was re-elected president of the Edmonton Curling Club at a well attended annual meeting held at the rink on Wednesday night.

The meeting also re-named Francis Brissette and Herb Coxford as vice-presidents and George C. Laight is again secretary-treasurer of the club.

**ELECTED TO THE EXECUTIVE** for two-year terms are Dr. C. E. McBride, Dr. Arden Brown, Gordon Brinkworth and Earl Dingle. Executive members with still a year to run are Ernie Purkiss, Dunc Sinclair, Cliff Lee, Don Edwards and Lorne Muir.

Dunc Sinclair was appointed auditor for the ensuing year.

**JAMES A. MCCOOL**, secretary of the Alberta Curling Association, guest speaker, gave an address on the recent MacDonald Brier competition at St. John, N.B., which he attended. Bruce Hamilton, newly elected president of the association, also spoke.

Prizes for the various club championships during the year were presented, the winners being as follows: A section, Earl Dingle's rink; section B, Arden Brown; C section, Dunc Sinclair; D section, Fred Elliott; E section, Gordon Brinkworth; F section, A. Forbes.

**FRANCIS BRISSETTE** led community singing and Jerry McCarthy entertained with several "magician" numbers. Reg Bewley is chairman of the Edmonton Curling Club's entertainment committee.

**Sports Round Up**

BY ALAN HARVEY

NEW YORK, April 3 (CP)—Not all the comments you hear are flattering, but Brooklyn Dodgers still provide the most uninhibited copy of any team, in baseball. . . first it was a divorce for Laraine (Mrs. Leo Durocher) Day, and then a separation for outfielder Pete Reiser. . . a shoulder separation, to be precise, that may reduce the star base runner's effectiveness. . . not content with that, Branch Rickey publicly admits that Manager Durocher is "behaving like a schoolboy" in dodging exhibition games to be with "Rainey," as Durocher calls his screen star wife.

Leo missed Monday's game against Montreal Royals to spend the afternoon at a swimming pool.

Durocher and Rickey are on the griddle for temporizing over Jackie Robinson, who is being allowed to simmer in a stew of uncertainty while the Dodgers try to decide whether to use him at first, second or third, send him back to Montreal or keep him as Baby.

Apparently disgusted, Dan (N.Y. Daily Mirror) Parker wrote that the minor-league Royals look better than the team which forced St. Louis Cardinals to a playoff last season. . . but the Dodgers, some of them anyway, are as ebullient as ever. . . a reporter asked star

Ken Hunter Sparkles.  
As Calgary Wins 8-3Stampeders Take  
One-Game Lead  
Over Kimberley

SASKATOON, April 3 (CP)—Calgary Stampeders conquered Kimberley Dynami-meters 8-3 here last night in the fifth game of their best-of-seven western Canada senior hockey semi-final and drew to within one game of hurdling the first obstacle on the way to their second consecutive Allan Cup.

The teams now move, to Calgary for the next battle Saturday night with the Stampeders holding a 3-2 edge.

It was the most decisive victory of the series between the teams to date.

**LED BY KEN HUNTER**, Stampeders took over almost immediately with Art Shquist bagging their first goal just after the two-minute mark and Hunter getting his first of three goals before the midway mark. Gord Wilson put the British Columbia team back in the running on Benny Redsky's assist but Tony Desmarais raised Calgary's total to three a few minutes later.

Bill Kavanaugh's counter in the dying minutes of the period again gave the Dynami-meters hope but Hunter and Doug Cairns tallied in the second to put the game beyond Kimberley's reach.

**THE BEST THAT** the Dynami-meters could do thereafter was Bill Jones's goal near the midway point of the second and Archie Wilder restored the Calgary margin to 6-3 before the period ended.

Hunter and Dunc Grant finished off the scoring with picture-play goals in the final period, the latter's coming on a breakaway as the Dynami-meters sent all their men up the ice in a desperate effort to cut into Calgary's lead.

Stampeders' passing attack appeared to have the Kimberley team off balance throughout.

**KIMBERLEY**—Nash; Johnston, Brown; Sullivan; Sanderson, Calles. Subes-Jones, Swane, Redlake, Kavanaugh, Clement, Wilson, Forsey.

**CALGARY**—Dettell; Michaluk, Shquist; Hunter; Brownridge, Grant. Subes-Emery, Craddock, Cairns, Desmarais, Dame, French, Wilder. Officials—Lorne Lyndon, Bernie Ost, both of Winnipeg.

**FIRST PERIOD:** 1—Calgary, Shquist (Hunter, Grant) 2:10; 2—Calgary, Hunter (Brownridge) 9:35; 3—Kimberley, Wilson (Redsky) 12:00; 4—Calgary, Desmarais (Grant) 13:35; 5—Kimberley, Kavanaugh (Forsey) 19:13. Penalties—Brownridge, Brown.

**SECOND PERIOD:** 6—Calgary, Hunter (Grant, Shquist) 2:30; 7—Calgary, Cairns (Wilder) 6:19; 8—Kimberley, Jones (Sullivan) 8:25; 9—Calgary, Wilder (Cairns) 12:15. Penalties—Swane.

Pittsburgh Sluggers  
To Have Closer Target

By Duke Moran

PITTSBURGH, April 3 (AP)—Pittsburgh Pirates today would be listed as red-hot choice for the National League pennant instead of among those present if architectural beauty instead of baseball won titles.

The new Bucco ownership, which has set local fans agog through free-spending for such "interim" players as Hank Greenberg, has plunked down \$200,000 to improve Forbes Field, long regarded as one of baseball's most attractive parks.

**THE ITEM** in the "face-lifting" at the park which most intrigues the fans is the shortening by 30 feet of the 385-foot distance to the left field wall.

This was done to provide a 30-foot-wide bull pen for home and visiting batteries—and to provide a shorter target for the club's home run blasters, Greenberg and Ralph Kiner, both righthand swatters. Greenberg led the American League in home runs last year with 44 and Kiner performed the same chore in the National with 23 circuit swats.

Fans have labelled the bull pen enclosure "Greenberg Gardens" because they expect to see a lot of his shots drop there.

**Joe DiMaggio To Get More Rest**

ST. PETERSBURG, Fla., April 3 (AP)—Joe DiMaggio, still hobbling around after a recent opera-

## Two Holes-In-One Off the Same Tee

PETERSBURG, Va., April 3 (AP)—Odds against one hole-in-one by a golfer have been computed at 8,730 to 1, and against one hole-in-one following another at an astronomically high figure, but it happened Wednesday at Petersburg Country Club golf course.

The odds were beaten by H. L. Miller and Dr. E. P. Hodges, playing in a threesome.

Having the honor, Miller teed up his golf ball and cupped a 130-yard pitch with an eight iron. Then Dr. Hodges stepped up, used the same club and dropped in the second hole-in-one.

## Mack Discouraged Over Chances of A's

WEST PALM BEACH, Fla., April 3 (AP)—Even Connie Mack is discouraged about Philadelphia Athletics' finish in the American cellar.

Lack of batting punch is the most glaring deficiency in a ball club that won only 49 games and lost 105 in finishing 55 full games behind Boston Red Sox last fall.

I'M AFRAID We will be outbid by the rest of the teams," admits the 84-year-old manager who still wags with his scorecard from a corner of the A's bench. "Our pitching will be better and we will be much improved at first base and at shortstop. We will have a team capable of playing good baseball but we don't seem to have enough punch."

Mack remains the boss on the Senior Hockey final at one victory apiece.

A's bench. Unfortunately for the gray-haired leader, the material is not at hand with which the Athletics might vacate the basement. Their infield is spotty, hitting weak and outfield uncertain.

FERRIS FAIN, counted on as the regular first baseman, hasn't played an inning. He came up with a trick knee in the early days of training and has been taking it easy.

Eddie Joost, the veteran infielder who was bought from Rochester for \$10,000 and three players, is the bright spot of the infield. Mack has labelled him the best shortstop he has had since the days of Joe Boley, a boost that would put him in pretty fair company.

## BASEBALL

LOS ANGELES, April 3 (CP)—Los Angeles Angels made it two games in a row over Portland Wednesday with a 3-4 decision after 12 innings before a sparse gathering of 2,394 Pacific Coast Baseball League fans.

Cecce Garritto's double and a single by his outfield teammate Charley Maderen, with two out in the 12th and veteran Ad Liska on the mound, gave Angels the win.

Approval Given U.S. Aid Plan  
WASHINGTON, April 3 (AP)—The senate foreign relations committee today approved by a vote of 13 to 0 legislation to carry out President Truman's program of extending \$400,000,000 financial and limited military aid to Greece and Turkey. Brushing aside proposals to eliminate Turkey as a beneficiary and to strip out the military aid provisions, the committee unanimously sent an amended bill to the Senate for expedited action there next week.

Gromyko Rapped For Albania Veto  
LAKE SUCCESS, N.Y., April 3 (AP)—Sir Alexander Cadogan of Britain attacked Soviet Delegate Andrei A. Gromyko today for vetoing a British resolution in the Corfu channel min-eblast case against Albania. The will the United Nations Security Council has been "strangled by a single vote," the British delegate told the council as it resumed debate on Albania. He then asked the council to send the Albanian case to the international court of justice.

## Hugh Lee Heads Red Deer Curlers

RED DEER, April 3—Hugh Lee was elected president of the Red Deer Curling Club for 1947-48 at the annual meeting held here on Wednesday night. The meeting followed a most enjoyable banquet at which 70 members, including a good number of former curlers, were present. Marshall Lees, president for the past two years, was chairman.

Following the banquet the club's annual business meeting was held and the following officers were elected for 1947-48: Honorary president, Marshall Lees; President, Olaf Stranne; second vice-president, Art Lundie; secretary, Frank Nundahl, re-elected; treasurer, alderman J. C. Knight, re-elected; executive, Harold Sorenson, Gordon Towers, a farmer member, Art Stewart, J. V. Bettenson and Jim McRobbie. The executive was increased in number from three to five. J. E. Wiggins was re-elected.

## Boston Sox Expected To Capture Flag Again

TAMPA, Fla., April 3 (AP)—Barring a terrific upset, Boston Red Sox will be right back in the world series next fall, seeking revenge for the humiliating job done on them by the Cardinals in the '46 play-off.

Joe Cronin's American League champs look big and tough and menacing, both at the plate and on the pitching mound. They might not repeat last year's feat of winning 104 games, but it will be a remarkable thing if any club presses them seriously down the stretch.

FOR A TIME THIS spring many observers were "high" on Detroit Tigers, recalling the late spectacular drive which propelled them to the board of trustees and will serve until 1950. Other continuing trustees are A. E. Little and N. M. Burnett.

CONSIDERABLE discussion took place on the annual bonspiel and whether or not it should be confined to the curling rink instead of using the Red Deer arena. The matter was left to the incoming executive.

Curling among school students was also dealt with. With prospect of a junior Macdonald Brier competition next year many members felt that Red Deer should be represented. The meeting was in favor of giving the school students all possible assistance, providing that their activities at the rink were supervised and they were given an opportunity to learn the game.

into second place by a five-game margin over New York Yankees. More recently, though, the wonder has grown as to what Tiger or Tigers, might knock across the 117 runs that Hank Greenberg's bat produced last year.

The feeling has become widespread that the Tiger bosses made a big mistake when they peddled Hank to Pittsburgh. Several Detroit pitchers are said to be unhappy about the deal.

THE AMERICAN League finish should look like this: 1, Boston; 2, Detroit; 3, New York; 4, Washington; 5, Cleveland; 6, Chicago; 7, St. Louis; 8, Philadelphia. There is a gnawing temptation to drop the Yankees lower than third, especially after one has seen Joe DiMaggio still limping from the recent operation on his feet.

Still try to find the club which might beat them out of third place, Washington? The Nets show no improvement. Cleveland? Strictly a gamble. Chicago? A first-division berth seems out of reach.

## "CARE" Ships \$10 Packages

### New Parcel Delivery Plan Sends Food to Great Britain

OTTAWA, April 3.—(CP)—A person-to-person service that is expected to pour \$90,000,000 worth of food and clothing into Europe from North America this year was funnelled into the British Isles today.

**SIMULTANEOUS** announcements in London, Washington and Ottawa bore the tidings that the \$10 food packages put together by CARE (Co-operative for American Remittance to Europe) now can be sent to friends and relatives or for general relief in England, Ireland, Scotland and Wales.

Eleven other European countries were covered previously by shipments from a non-profit, government-approved organization which was launched by relief agencies in the United States after the war and spread into Canada late in 1945.

CARE's Ottawa office already is doing a \$50,000 a month business and the increase through British orders is expected to hasten establishment of other offices where orders can be placed.

**CANADIANS**, particularly prairie Canadians, have been buying hundreds of the packages containing a net weight of 21.37 pounds and 40,963 calories of food as well as blanket packages with materials to turn them into clothing.

The trusteeship agreement now must be ratified by the United States senate to become effective. The United States gained the right to fortify the islands, build naval military and air bases, and station U.S. troops on them.

The islands include Saipan, Tinian, Truk, Eniwetok, Kwajalein and Majuro, some of the most important bases of the war.

**Edmonton Airmen's Plan Approved**  
OTTAWA, April 3 (CP)—The veterans department was reported today to have approved a plan by two Edmonton airmen for what they call a "para-rescue" service by which they could be dropped by parachute to the scene of a crash anywhere on the continent in a matter of hours. The men, Owen Hargreaves and Jack Dick, former members of the RCAF, already have established the service at Edmonton airport.

provision that the Security Council alone could discontinue the agreement.

**WARREN R. AUSTIN**, United States delegate who had waged just as hard a fight for the agreement, said afterwards that "this is a demonstration that the United Nations does work."

The trusteeship agreement now must be ratified by the United States senate to become effective.

The United States gained the right to fortify the islands, build naval military and air bases, and station U.S. troops on them.

The islands include Saipan, Tinian, Truk, Eniwetok, Kwajalein and Majuro, some of the most important bases of the war.

**IWO JIMA** and Okinawa, part of the old Japanese Empire and not mandated, were not included. They will be handled in the Japanese peace treaty and the United States is expected to ask for trusteeship for them.

The council approved without argument the first article of the agreement formally designating the islands as a strategic area—where fortifications may be built. Other major provisions of the agreement were:

1. The United States shall have full powers of administration, leg-

islation and jurisdiction over the islands.

2. The United States must promote the development of the inhabitants toward self-government or independence. The independence provision was written in at the request of Russia.

A **BRITISH** objection that one article would give the United States a preferred economic position in the islands over other United Nations members caused a critical moment. Austin said the United States had no intention to take advantage of that clause, but if the council upheld the British, the United States might be forced to withdraw the whole agreement. On the vote, Russia and Poland alone sided with Britain, six were opposed and two abstained.

safety to a congressional committee when Krug issued the order.

"I **POINT OUT**, the union chief said, "that Secretary Krug is doing now what he should have done ever since the safety code became effective. He's starting to enforce his own code—but after 111 men died in Centralia."

"Now on this particular day of Our Lord, Mr. Krug found 318 mines not safe."

"May God in Heaven forgive him for not finding those mines before and not closing them down before those men died."

Lewis then demanded: what should the United Mine Workers do now? He continued:

"If we must grind up human flesh and bones in the industrial machine that we call modern America then before God I assert that those who consume the coal are and are made comfortable by it owe protection to those men first, and owe security to their widows and children."

"I **CARE NOT** who in Heaven or hell opposes it."

Recalling the work agreement which he signed last year with Krug, Lewis said:

"We know that the coal operators wouldn't keep the mines safe. . . . that's the reason why we asked Krug to do it."

"He promised me, didn't he? Or did he? Why, he signed it with me at the White House under the klieg lights and the miners believed him. They didn't know he was lying. They know now that he was lying and they are joining me in demanding that he be removed from his high office."

Lewis called Krug:

"This modern Hercules with the No. 12 shoe and the size 5 hat."

ations agreed upon at Potsdam cannot be considered by the United States."

This was a restatement of his qualified opposition to Molotov's demand for \$10,000,000,000 over 20 years.

**MARSHALL'S** new proposal which previously was taken up briefly in a secret session last Tuesday, is based, he said, on the assumption that the German level of industry is to be raised and that plants now marked for reparations export can be used to boost the level.

While it was described as amounting to a compromise proposal between the United States, British and Russian positions on the reparations deadlock, it was said at the same time to be entirely unacceptable to the Russians in its present form.

OTTAWA, April 3.—(CP)—Official information reaching here from Moscow confirms reports by Ross Munro, Canadian Press correspondent, that the Big Four have shelved proposals that Canada and other middle Allied powers have a larger part in the making of the German peace, it was learned today.

IT WAS SAID that some misunderstanding arose—over a United States proposal that all countries which had declared war against Germany be invited to draft the treaty.

Later, it developed that the

BACK IN ARENA: Gen. Charles de Gaulle returned from retirement to the French political arena today.

At an incredible meeting with Premier Paul Ramadier Monday night, de Gaulle left no doubt that he was back in politics and swinging at the shaky coalition cabinet. ## Rent Problem

(Continued from Page 1)

House of Commons that the Dominion government would "accept full responsibility" for whatever new rental policy was laid down.

He made this statement in reply to published reports that the government would leave it up to a vote of the house in the debate on the omnibus (controls) bill.

If the government was accepting "full responsibility," the Bulletin was informed, rent control would hardly be tossed to the provinces.

Control of rents involves property rights which is properly the business of the provinces, but the federal government is on record—and Mr. Abbott so far has not changed his stand publicly—of accepting the responsibility.

**DOUBTLESS** the federal government would like to pitch the hot potato of rent control to the provinces, while maintaining eviction control on a Dominion basis.

But the provinces have no agencies with either staff or experience in controlling rents, and if the Dominion stepped out of the field, the utmost confusion would result.

It would solve a difficult and politically-troublesome problem for the Dominion—but the word of authorities at ministerial level must be accepted—and today that word was definitely "no."

**CONTROL** of property ultimately will pass back to the provinces, but likely not until after Mr. Abbott has announced his new policy on rentals.

The Alberta government has had no intimation from the Dominion government about any proposal for the provinces to take over rent control as when the Dominion government drops such controls. Premier Ernest Manning said Thursday.

**SPECIAL LEGISLATION** would have to be enacted by the provinces to assume control of rentals and it is not a question of returning controls on rentals to the provinces, as they have never had such power, the premier pointed out.

Mr. Manning recalled his statement when the matter was under discussion at the recent sitting of the Alberta Legislature. The premier at that time said he approved a gradual release of controls.

A CCF resolution urging the province to take over control of rents was defeated in the house.

United States delegates did not have in mind including the smaller nations on all committees but only on the final draft of the treaty.

However, Russia's insistence against participation of the middle powers was the main stumbling block.

## Officer Tells Meeting

### Reserve Army Offers Many Opportunities

A good opportunity of friendship for young soldiers, which does not always prevail in "civvy life," exists in the reserve army, Brig. J. C. Jefferson, CBE, DSO, ED, officer commanding the 18th Infantry Brigade, said at a dinner, and dance of the Edmonton Garrison sergeants' mess, on Wednesday night, at the Prince of Wales Armory.

**THIS MARKED** the first function of the organization, since taking over of the new mess.

Hand the torch to the younger people, and encourage them to take an interest, and attend the Reserve Army, said Brig. Jefferson.

He then briefly described "Exercise Husky," a scheme held at Wainwright, for two weeks last winter to test equipment, and familiarize the young members with the equipment and winter conditions. The average age of men at the exercise was 19 years-old, he said.

About 160 members and friends were on hand, representing seven units of the Reserve Army. Grace was spoken by Sgt. Alfred Harrison, and the toast to the King was proposed by CSM Orlando "Laddie" Muckleston. CSM Robert Williamson presided.

**SOLOS WERE** sung by Mrs. H. Cuthbert, and CSM St. Clair Jeffrey, accompanied by Sgt. Harrison. A dance ended the gathering.

Among the guests that were introduced by acting chairman CSM St. Clair Jeffrey were, Brig. Jefferson, Lt.-Col. R. Harrison, MBE, Lt.-Col. W. T. Cromb, DSO, Lt.-Col. M. Weinios, Major J. R. C. Carter and Major T. B. Nash, DSO.

## Ah, Romance!

Speaking of the power of radio advertising, let us consider the love song.

Here you have the radio, from dawn until midnight, in a veritable agony of romance. Girls with tortured voices are constantly moaning about how they have been left only tears for souvenirs and how there ain't no sunshine now their lover is gone.

Apparently strong, able-bodied men tremulously promise to bring the stars down from the sky or make a string of pearls out of the dew. One fellow is constantly reminding us, in a throaty baritone, that woman needs man, and man must have his mate.

Another sobs day and night that he is shackled by love, too weak to break the chains that bind him. Upon his knees to her, he claims, he's creeping.

## What Effect?

This bathos pours in an unceasing stream from the loud-speakers of the land, accompanied by unlimited violins and harps. No soap flakes, nay, not even a deodorant, is sold as love is sold. And yet what effect has this had on the listener?

Well, here we have a typical home in which the atmosphere is flooded with love music. While the baritone is reminding the world that man must have his mate, father is sitting in his chair smoking his pipe, with a crossword puzzle before him. He is trying to think of a two-letter word for a three-toed sloth.

While the girl pours out her words of remorse and a broken heart, mother is out in the kitchen scraping the frying pan, getting the garbage ready and whistling "Little Brown Jug" through her teeth.

## Wind the Clock

Several hours later, saturated with the words and music of undying love and eternal tenderness, she says, "Well, Harry, I'm turning in. Wind the clock."

Father gives up the crossword puzzle, walks over to the radio and allences the man who has brought down the stars from the sky for the twelfth time that night. "Okay," he says with a yawn. Then, upon his knees to bed he's creeping.

## Building Permit Total is Boosted

Edmonton building permit total was boosted by \$273,000 Thursday when two permits for major projects were issued by the city architect's office.

A permit for \$213,000 was issued to the Misericordia hospital for a three-story brick nurses' home at 9808 111 street.

The North American Baptists General Missionary Society took out a permit for \$60,000 covering a training institute at 10820 78 avenue.

## Death Sentences Given Terrorists

JERUSALEM, April 3.—(AP)—Meier Feinstein and David Azual, believed to be members of the Irgun Zvai Leumi underground resistance organization, were sentenced to death by a Jerusalem military court today.

THEY WERE accused of taking part in an attack on the Jerusalem railway station last October, when armed men rushed the station and planted explosives which blasted the interior of the building.

JERUSALEM, April 3.—(AP)—The British army announced that two soldiers of the 6th Airborne Division were injured severely today when a mine blew a three-ton truck off a road in the Hadar Hacharmel section of Haifa.

The announcement said the mine, disguised as a milestone, had been detonated from a nearby apartment building.

LONDON, April 3.—(AP)—Moscow radio said today: "The Greek newspaper Eleftheria published a report from Cairo stating that the United States plans to set up a naval and air base on the Greek island of Lemnos."

## Large-Size Egg Startles Owner

"Is it a bomb?" probably was the remark of startled and amazed Lorry Payment, 12210 88 street, as one of his chickens laid a one-quarter pound egg on Thursday.

## Farmers Union Seeks Members

An organization and membership drive will be launched when the Alberta Farmer's union directorate meets in Edmonton on Monday.

In making the announcement, the president of the Alberta Farmers' union, Carl Stimpfle, revealed that sub district rallies will be held, in which plans for district conventions will be laid.

Mr. Stimpfle also announced that L. E. Pharis, of Magrath, has been appointed AFU member to the advisory board in line with demands made during the delivery strike last summer.

## Farm Federation Protests Decontrol

CALGARY, April 3 (CP)—The Alberta Federation of Agriculture today issued an official protest against the latest removal of price controls and subsidies on many commodities by the Federal government.

"If industry takes undue advantage of the freedom which it is now allowed, production of essential foodstuffs will be seriously hampered," the statement declares. "The increased price of fuel oils, twine and many other essential commodities, along with possible further increases, can react to the detriment of our whole economy."

While the girl pours out her words of remorse and a broken heart, mother is out in the kitchen scraping the frying pan, getting the garbage ready and whistling "Little Brown Jug" through her teeth.

Several hours later, saturated with the words and music of undying love and eternal tenderness, she says, "Well, Harry, I'm turning in. Wind the clock."

## Cost of Government Doubled Since 1939

Impact of the war—with its consequent rise in prices—is painfully evident to the man-in-the-street, whose income seems sharply curtailed when he compares prices of today with those of pre-war days.

IT'S THE SAME with governments—perhaps even more than with the fellow whose salary is stretched to the limit to pay his rent, his grocery bill and his butcher—except that the taxpayer feels the increase in cost of government is just another item to add to his personal burden.

With prorogation of Alberta's Legislature this week, it is perhaps fitting to compare expenditures of the government this year with similar expenditures in pre-war years—rather than with the preceding year, as is the way with official estimates.

We have selected government expenditures on income account for comparison. This does not include the whopping \$13,000,000 outlay on roads and highways this year, since that is under capital account.

A QUICK GLANCE at the above table shows that total expenditures have jumped from over 17 millions in 1939-40 to over 32 millions this year. It also reveals a corresponding upswing in administration costs in almost every department.

There is one exception however. The department of municipal affairs shows a drop during the war years.

## Recreation Commission Aide Here to Commence Duties

To give "his knowledge and experience" gained in many years of organizing community centres in Canada, Lionel Scott of Toronto, arrived in Edmonton Thursday to begin work as technical advisor to the Edmonton Recreation Commission.

MR. SCOTT has been engaged by the commission for a period of six months.

During the war years Mr. Scott organized 35 community centres from coast to coast under the direction of the Wartime Housing Administration.

These centres, having as the objective a wider participation in community activities by residents, particularly the younger people, were a great success.

W. C. RICHARDS is chairman of the Edmonton Recreation Commission.

Mr. Scott will be introduced to members of the commission at a meeting in the Civic Block Thursday evening.

## Decision in Abeyance

## Expect Increase in Coal Prices Throughout West

A coal price increase ranging from 50 cents to \$1.25 a ton is foreseen in Western Canada as a result of the recent announcement by the federal government, that controls on coal were lifted.

IN SUBMISSIONS to the provincial cabinet during the recent session coal operators protested that the proposed increase in provincial royalties, would mean that mines would operate under a deficit.

At that time operators were not aware that the federal government subsidies were to be removed on April 15, and had told the provincial cabinet that, without the subsidy every mine in Alberta would be operating at a loss. Since the ceiling on coal prices, the subsidy disappear this month, it is felt certain that coal prices will rise to meet the new situation.

AMOUNT of the subsidy varied from field to field, and from mine to mine, within a field, in accordance with the needs of the operators. Nova Scotia operators received a higher subsidy than Albertans for example, since costs in the Maritimes were higher.

Retail dealers may also increase the margin they take for handling the coal.

NO INCREASE has been permitted them since early in the war, though handling charges have risen. The only factor entering into coal prices which has not yet gone up, has been that of freight rates.

Hon. N. E. Tanner, minister of lands and mines, had no comment on the possibilities of increase, when questioned on Thursday morning.

## Veterans Plan Remember Vimy

Monthly meeting of the Edmonton branch of the Canadian Corps Association will be held on April 9, Vimy Day, in Victoria Armory starting at 7:30 p.m.

A march to the Cenotaph will precede the meeting. Color parties, and the Corps Association band will head the marchers. Arm bands, medals and berets will be worn.

If the weather is bad the march to the Cenotaph will be cancelled, and the services will be held inside the armory.

The Rt. Rev. Bishop W. F. Barfoot, chaplain of the association, will conduct the service.

Refreshments, a concert and a film, "The story of Lill Marlene", will follow the service.

## Forecast Increase in Medical Fees

New schedule of fees for physicians and surgeons of Alberta, effective immediately, that will result in a slight increase for general medical and maternity cases, with a decrease for surgical cases, was adopted Thursday at a meeting of the executive council of the Alberta College of Physicians and Surgeons, in the Macdonald hotel.

THE NEW SCHEDULE is based on those prevailing for some time in the department of veterans affairs. It was announced by Dr. J. Bramley-Moore, secretary of the Alberta Medical Association.

A committee was appointed to draft a plan for institution of voluntary prepaid medical care in Alberta.

This committee, headed by Dr. M. A. R. Young of Lamont, will present its report to the College of Physicians and Surgeons at a meeting in May.

Several plans of voluntary prepaid, medical care, which operate on the insurance principle, are in operation now in various parts of Canada. It seems likely that the plan proposed by the executive council will closely follow the one operating in British Columbia, known as Medical Services Association which has approximately 80,000 participants.

Under this plan persons pay a small registration fee and so much per month for medical and surgical care. Participants have free choice of doctor who is paid by the Medical Services Association.

also are cancelled. The next regular parade will be Friday, April 11, at 1945 hours.

## Prominent Doctor

## Dr. Frank W. Crang Dies at 77 Years

Well-known medical practitioner, and public welfare worker, Dr. Frank W. Crang, 8008 111 street, died early this morning in his home. He was 77 years old. He was born in Toronto in 1870 and received his early schooling there.

HE WAS GRADUATED in medicine from McGill University, Montreal, in 1901, and immediately thereafter came to Edmonton, and commenced his medical practice.

He was married to Margaret Bowen, from the Glangary district in Ontario, in 1903.

He was a member of the school board for about 25 years, during which time he took a deep interest in sports events of the city. He was on the boxing and wrestling commission for a number of years, but was forced to relinquish these posts in 1940 due to ill health. He retired from medical practice about three years ago.

He is survived by his wife; three sons, Donald Crang of Shanghai, China; Dr. Charles Crang, Sudbury Ont., and Frank Crang of Mexico City, Mexico; two daughters, Mrs. Eardley Allin, and Miss Margaret Crang of Edmonton, and six grandchildren.

A funeral service will be held on Saturday at 2 p.m. at the family residence with the Rev. D. C. Ramsey officiating. Burial will take place in Mount Pleasant cemetery. Funeral arrangements are being made by Hainstock and Son.

## Mayor to Call for Action

## Conference to Boost Yellowhead Highway

A conference will be held in the near future in Saskatoon to marshal support throughout Saskatchewan and Manitoba for the utilization of the Yellowhead Pass route as an essential fork of a Trans-Canada highway.

AT A MEETING of representatives from Edmonton organizations held Thursday afternoon in the council chamber, Civic Block, it was decided that Mayor Harry Ainlay request Saskatoon civic officials to make arrangements for a meeting in that city which would be attended by representatives of northern Saskatchewan cities and towns.

The objective of the meeting is the creation of an organization to marshal public support for the northern Trans-Canada highway route. Similar organizations will be set up in British Columbia, and Mayor Ainlay will contact the mayor of Vancouver, and other British Columbia cities and towns seeking their support.

Since the inception of the Yellowhead Pass route movement, several cities have endorsed the brief prepared by Edmonton business men, urging that this route be essential to the Trans-Canada highway. The Prince Rupert city council has endorsed the brief, and Saskatoon's civic officials are working in close co-operation with the Edmonton committee. The Saskatoon city council will consider the brief at its next meeting, and the Blue River council has unanimously endorsed it.

Provincial government officials will be closed Thursday and will not re-open until Tuesday morning.

Both Good Friday and Easter Monday are recognized as government holidays, and authorities decided to give employees the intervening Saturday morning as well.

LIQUOR STORES, however, will open on Saturday and Monday, as usual. They close only for the Good Friday holiday.

Thomas J. Reilly, district director of postal services, announced the following: Good Friday and Easter Monday services will be available at the post office. On Friday there will be no letter carrier service.

THE WICKETS will be open from 8 a.m. to 10 a.m. and there will be no curtailment of special delivery services. The public lobby will be open from 7 a.m. to 6 p.m.

On Monday the letter carrier service will function once in the morning only. Wickets will be open from 8 a.m. to 12 noon. There will be no curtailment of special delivery services, the public lobby will be open from 7 a.m. to 6 p.m., and the dispatch of mails will carry on as usual.

## Skating Stars Will Display Talents in "Ice Cycles" Show

Noted skating stars will display their talents on flashing silver blades, and their lavish Hollywood-created costumes, when "Ice Cycles of 1947" opens a four-day engagement at the Arena starting Wednesday, April 30.

"ICE CYCLES OF 1947" is the best from New York and Hollywood served on glittering ice. The musical ice show is well-paced, and packed with scintillating production numbers, hilarious comedy, thrilling action, and lovely girls.

Celebrated stars and skating champions in the show include Robin Lee, five times United States figure skating champion; Eleanor Melster, winner of many mid-west skating titles; Nadine Thompson and Margaret Field, Pacific Coast title winners; Henry Lee, twice Norwegian figure skating champion, and Bud McNulty, former California champion.

OTHER CHAMPIONS in the show are Joyce and Colin Bosley, who won the British open dancing skating title shortly before being flown here from England. Another British pair is Ann Rogers and John Moss.

Also in the "Ice Cycles" spotlight are Buddy Lewis, fearless speed and stunt skater; Jean Arlen, teen-aged starlet whose specialty is acrobatics on skates; Alan Lovell and Jeanne Crystall, comedy team; the

## Edmonton Scout Will Go Overseas

J. E. Bramms, an Edmonton boy scout, has been chosen as one of the two Alberta scouts who will represent the province at the world scout jamboree, to be held in France this summer.

The other scout chosen to make the trip is J. D. Gehmlich, of Raymond, and the alternate R. A. Steele of Calgary.

## 2 out of 3 women can have Lovelier Skin in 14 days!

*"My Complexion had me up a Tree!"*

says Grace Leckron (address on request). "My skin was so oily, so coarse-looking—with lots of little blemishes. I had just about given up hope when I was invited to try the 14-Day Palmolive Plan. What luck!"

*"I jumped at the Chance!"*

and reported to a famous skin specialist. Altogether, 1285 women were tested. Some of us had dry skins, some oily, some normal. After a careful skin examination, we were given the Palmolive Plan to use at home for 14 days.

*"Here's all You do!"*

Wash your face with Palmolive Soap. Then, for 60 seconds, massage with Palmolive's soft, lovely lather. Rinse! Do this 3 times a day for 14 days. This cleansing massage brings your skin Palmolive's full beautifying effect. After 14 days, my doctor agreed my complexion was less oily, smoother. Even those little blemishes—often due to improper cleansing—had almost vanished!"

*"You, too,"* may look for these skin improvements in only 14 Days!

If you want a complexion the envy of every woman—the admiration of every man—start the 14-Day Palmolive Plan today! Remember, the Palmolive Plan was tested on 2696 women of all ages—from fifteen to fifty—with all types of skin. Dry! Oily! Normal! Young! Older! Women from coast to coast. And 2 out of 3 got noticeable complexion improvement in just 14 days! No matter what beauty care they had used before. Do start this new Beauty Plan with Palmolive Soap... today!

"Why does Bobbie's mother go on makin' him drink all his milk when she knows perfectly well how all kids go for rennet-custard desserts? Thank goodness my mommy gives me rennet-custards, 'cause I love 'em!"

Rennet-custards are all milk, and they're fun to eat with a spoon when children tire of drinking milk. And the rennet enzyme makes rennet-custards even easier to digest than plain milk. Why not serve a tempting, tasty rennet-custard dessert tonight? The whole family will enjoy it!

## Why Grow Old?

Josephine Lowman recommends the exercise Actress Penny Edwards is doing to provide a natural abdominal support instead of a girdle. The trick is to bring the knee up to touch the nose.

By Josephine Lowman

Q. "Do you think I should wear a girdle? These are my measurements: bust, 35 inches; waist, 27 1/2 inches; and hips, 35 inches. Please tell me since my mother thinks I am too young to wear one."

A. I would not begin wearing a girdle. It is too bad that so many women weaken their abdominal muscles by depending on one, rather than making their muscles do the work they were meant to do. Why not take a few abdominal exercises and hold your tummy in yourself? This is a good one. Lie on your back on the floor with your arms resting on the floor and your legs straight. Lift your head from the floor as you bend your left knee and try to touch your knee to your nose. Return left leg and head to the floor. This time bend your right knee. Continue, alternating left and right. Later, when it is easy you can bend both knees at the same time and bring them close to your nose.

Q. "I had my appendix and one ovary removed two months ago. Will you please tell me what exercises I may take now to begin reducing and strengthening the muscles of my stomach?"

A. You should ask your doctor if

exercise is safe for you before taking them. He may want you to wait a little longer before starting. In the meantime, you can count calories, and if he says you can exercise, I will be glad to give you some easy ones.

Q. "I enjoy reading your question box. Here is my question. I am in my early forties. I had a baby 22 months ago and nursed him until he was 17 months old. How can I firm my bust, which are flabby?"

A. After such a long nursing period this will be difficult to do. Prevention is easier than correction. However, try pushups, keeping your back straight as you do them. Send a stamped, self-addressed envelope for my bust development routine leaflet No. 7 "Don't Have Round Shoulders and Flat Bust—Reverse!" I feel sure you can improve the condition!

Q. "What is the best way to remove hair from the nose?"

A. I think this would be a very delicate matter. This area is most sensitive and your are apt to get an infection from trying to remove hairs yourself. Unless they are extreme, and very noticeable, I would leave them alone. You might consult an electrolysis expert about this.

Q. "I am an expectant mother. Is there anything I can do to firm my hips and upper legs? Will I have to wait until later? Also, what can I do for bowlegs? Please answer in your column which I read and really enjoy."

A. I believe you had best wait until after the birth of your baby for the firming exercises. Whenever you are standing pull your legs as close together as you possibly can, and hold them that way. This is corrective to bowlegs.

## Will Never Change Ambitionless Mate

Dear Dorothy Dix: I am an energetic business woman, married to a man who is charming, good and kind, but absolutely without business initiative. He fails at everything he undertakes and that gets on my nerves. I am tired of supporting the family. Is there any way I can change him?

DISGUSTED

ANSWER: Nobody can put pep into the peepless, nor insert a backbone into the spineless. Especially can no wife work such a miracle on her husband. If his own sense of responsibility and his own pride do not overcome his inertia, and cause him to get a job and stick to it, nothing that anybody can say or do to him will spur him into action.

About the only thing that a woman with an inefficient husband can do to improve her lot is just to accept his shortcomings as a fixed fact that she cannot alter, and stop wasting her own energy and ruining her disposition fretting over it. Let her admit to herself that no tears or entreaties of hers are going to change him into a go-getter, and that it is useless to pray and hope for the impossible to happen.

WHETHER the wife of an incompetent man shall support him or not is her own individual affair. Personally, I hold to the old doctrine that "he that will not work neither shall he eat." But few women have the courage to shut the doors on their lazy husbands and turn them out into the world where they are forced to earn their bread and butter, or else starve. Often, by way of compensation

## VVR Holds Second Annual Reunion

Work done by the Veteran's Volunteer Reserve during the war is comparable to the record established by Britain's Home Guard, Col. F. C. Jamieson said at the second annual reunion of the VVR held in the Scotia Block Monday evening.

PERCY W. JOHNSON, former commanding officer of the Edmon- ton group, was in the chair.

The gathering commemorates official disbanding of the war time organization which took place March 31, 1945.

In his address, Col. Jamieson stressed the importance of maintaining connections formed during the war, in case a need ever arose for the group to be re-mobilized.

Thanks were extended to Dr. E. A. Braithwaite for his services as medical officer of the unit and to Mr. Johnson for his work in command of the battalion during the war and with the association since.

Guests at the head table included R. C. Arthur, W. F. W. Hancock, H. R. Alley, Toronto; "Knobby" Clarke, original officer commanding the battalion; J. C. Jefferson; Sydney Woods, K.C. P. Richards; Stan Ross; Lee Huston and Barney Morrison.

**Still Need Aid**

ROME April 2.—(AP)—Premier Alcide de Gasperi yesterday received Maj.-Gen. L. W. Rooks, the director general of UNRRA, Italy's main financial prop for the last 15 months, and told him the country's economy would collapse if financial aid from abroad came to an end.

## Your Baby and Mine

Seemingly, there are adults who are as ready to suspect temper in a child as frightened children are to see bears under the bed. The moment a child cries angrily and grows red in the face they duck in consternation and proclaim: "My hasn't she a temper! You'll have to do something about that."

This puts it up to the mother to accept the label and set on the young daughter—or son won't be ruling them with her temper.

But all children act this way. Any loud and frightening sound will cause children to cry and grow red in the face. Any frustration of their free, physical motions, will make them mad as hatters. They don't want their legs held tightly while diapers are being changed, or some cuddling adult to embrace them tightly, though lovingly.

Children want to run, to climb, to use their voices in all ways and parents tend to prevent them. "You can't do that," is the phrase they hear oftenest. And when they feel they can't, they cry and cry hard with considerable emotion.

Some children, obviously, feel frustrations more keenly than others. They are the ones who hang their heads, kick their heels and scream endlessly when restrained from doing as they want to do.

Other children are less resentful of their thwarted desires and calm down when told to stop crying.

But the fact remains that a parent does not have a child's real injustice when she accuses him of temper and then does nothing to end the adult behavior which is bringing about the temper.

It would be too much to expect that a child would never show an emotion over what happened to him. That would be the unnatural response. Temper is natural and when it appears too frequently it does not mean that the child must

be punished and more persistent by frustrated—so that he will recognize who is boss—but that the parents should be more alert to the situations which arouse temper tantrums.

To tell parents to ignore a child who has tantrums might work temporarily, but only if along with such treatment they hunt for the reasons why a child is driven to such emotional limits in order to express his indignation. More freedom for the child and more understanding of what makes babies and children mad: these are the pathways toward real control of temper tantrums.

## Brewing Plant Output Enlarged

Increase in capacity by 50 per cent has been the result of improvements already made at the plant of the Northwest Brewing Co. Ltd., according to an announcement Thursday by H. Milton Martin, president.

THE WORK DONE is part of an extensive \$400,000 improvement program, which includes construction this summer of a new bottling plant.

Announcement also was made of appointment of Walter Spersholt as master brewer. He succeeds Gustave Buffel, who retired March 1 after 20 years of service.

Mr. Buffel was guest of honor at a party held by staff and management of the brewery, on the occasion of his retirement.

Mr. Spersholt, an experienced brewer, is a graduate of the Selb- el Institute of Technology, Chicago.

## Beth Mae Gibson Is Bride Of William Arthur Edwards

Spring flowers decorated the Douglass United Church Wednesday at 7 p.m. for the wedding of Miss Beth Mae Gibson, daughter of Mr. and Mrs. John Gibson of Nampa, and William Arthur Edwards of Peace River, son of Mr. and Mrs. B. S. Edwards of Red Deer. The Reverend Wesley Bainbridge performed the ceremony.

**THE BRIDE**, who was given in marriage by her father, was gown in white satin, styled with a round neckline, the skirt gathered in scalloped. Long sleeves ended in lily points over her wrists. Small covered buttons extended down the dress from neck to hemline.

A three-quarter length veil of net was held in place by orange blossoms in the bride's hair. She carried a white prayer book, adorned with gardenias and ribbon, and her only ornaments were pearl-studded gold pendant and earrings, gift of the bridegroom.

Attending as bridesmaid, was the bride's niece, Miss Norma Brown. She wore a gown of gold crepe with low, round gathered neckline and full skirt. Her accessories were a flowered hat of yellow daffodils and green ribbon trim, and chartreuse gloves to tone. She carried an arm bouquet of spring flowers.

**BEST MAN** was Jack Edwards, brother of the bridegroom, and ushers were Ivan Edwards, the bridegroom's brother, and Keith Gibson, brother of the bride.

The wedding music was played by Miss Helen Barbour at the organ, with Mrs. Roy Kittling singing through the years during the signing of the register.

After the ceremony, a wedding dinner was held for 30 guests. Mrs. Gibson wore grey figured crepe, with a gray hat trimmed with black satin bow. Her corsage was pink roses.

Mrs. Edwards, mother of the bridegroom, also received, wearing a two piece dress of royal blue, with hat and accessories to tone. A corsage of red roses completed her ensemble.

**THE BRIDE'S** table was set with a white linen cloth, and centred by a three-tier wedding cake, embedded in pink tulle. Vases of pink and white carnations flanked the cake.

Toast to the bride was proposed by Wilfred Brown, her brother-in-law. Later the couple left on a honeymoon trip to Calgary and Banff, the bride wearing for travelling a blue gabardine suit, hat of black straw and pink flowers, and black top coat. The bride and bridegroom will reside in Peace River.

Out-of-town guests at the wedding included Mr. and Mrs. Tomelty, Miss Ruth Tomelty and Ralph Tomelty, all of Red Deer.

Miss Velva English arrived Thursday from Winnipeg, and is a guest at the Macdonald hotel.

## Trousseau Tea For Ann Hunter

Complimenting Miss Ann Hunter, whose marriage to Robert Keith Watts takes place April 7, her mother, Mrs. Robert Hunter, entertained at a trousseau tea at her home Wednesday afternoon and evening when 60 guests called.

**THE ROOMS** were decorated with spring flowers and to receive the guests Mrs. Hunter wore a black crepe dress trimmed with turquoise blue and complimented with a corsage of pink carnations. Miss Hunter was frocked in a Paisley print with a corsage of gardenias and white carnations. Mrs. R. D. Watts mother of the bridegroom-elect received with the hostess and wore a blue crepe ensemble with a pink carnation corsage. Grandmother of the bride-elect, Mrs. John Aitken also received and wore a spring print frock with a pink carnation corsage.

**THE TEA TABLE** was set with a Madeira linen cloth and centred with a silver basket of spring flowers, flanked with green and yellow, tapered in silver holders. Presiding at the tea urn in the afternoon were Mrs. Aitken, Mrs. Robert Dalziel and Mrs. A. Currie. Assisting in serving were the Misses Margaret Dalziel, Jean Gall and Clara Minna. Showing the trousseau was Miss Mamie Lammie and in charge of the guest book was Miss Betsy Hunter.

In the evening were Mrs. Robert Berthe, Mrs. Aitken, Mrs. Robert, Mrs. E. Fisk and Mrs. A. Reid. Serving were Mrs. George Tait and the Misses Doris Burger, Christine McClymont and Bunty Reid. Showing the trousseau was Mrs. Earl Wagner and Miss Peggy Watts was in charge of the guest book.

## Seeking Victim Double Tragedy

LIVERPOOL, N.S., April 3—(CP)—Drowning operations continued here last night for the body

of Roland Whynot, 53, victim Tuesday of a double drowning which also claimed the life of 24-year-old Gordon Conrad. Conrad, whose body was recovered yesterday, was to have been married in two weeks.

## Hitler Destroyed Hindenburg Will

NEW YORK, April 3—(AP)—Baron F. G. von Tschirschky, who said he helped draft the political will of Germany's late President von Hindenburg, said yesterday Adolf Hitler destroyed the document so he could become chief of the German state and lead his Nazi party into power. The Silesian-born aristocrat, attached to the German vice chancellery and a confidante of von Hindenburg, said in an interview that the elderly Field Marshal urged the German people in his will to restore the Hohenzollern monarchy after his death in August, 1934, and, by implication, expressed his "complete scorn" for the Nazi leader.

## Unless King Changes Policy Continuation of Strife In Greece Expected

ATHENS, April 3—(AP)—A spokesman for the powerful Greek leftist political-military organization EAM (National Liberation Front) declared today that unless the change in Greek kings also meant a change in the internal political situation, the warring in the divided country would continue unabated.

THIS STATEMENT was elicited from EAM authorities by reporters after lengthy efforts to get the organization to define its attitude toward King Paul following the sudden death Tuesday of King George II, who had been a target of leftist revisionist attacks.

The EAM declaration apparently meant that Greek guerrillas would continue to battle against the government in the wild mountains of the north, where they command an estimated 35 per cent of Greek continental territory.

King Paul, in a statement to the Greek people Tuesday night, declared that he had been "called on today to continue" the task begun by his brother, King George, and added:

"OUR ETERNAL fatherland is calling us today to a struggle to existence for her independence and her liberties. United we shall bring this struggle to an end."

ATHENS, April 3—(AP)—King George II's funeral procession moved through the streets today from the palace to Athens Cathedral, where the monarch will lie in state until services starting Sunday morning.

Among the towns in Southern Alberta that attained or exceeded their objectives were Acme, Aldersyde, Big Valley, Brooks, Dalmear, Elmore, Gadsby, Lonsdale, Morrin, Munson, Patricia, Pekisko, and Turin.

## Seek Settlement Of Coal Strike

By JOHN TRACY

GLACE BAY, N.S., April 3—(CP)—Increased subsidies to coal operators and immediate steps to "mechanize" Nova Scotia collieries as a means of ending the six-week-old Maritime coal strike and putting the industry on a "firm financial basis" were suggested today by Cape Breton mayors in a resolution forwarded to government, company and union officials.

THE RESOLUTION, containing an appeal for "a fair and just settlement" of the strike, was passed yesterday at a meeting of mayors.

It was to be placed before a conference scheduled for next week when top officials for United Mine Workers (AFL) international headquarters at Washington will meet with executives of Dominion Steel and Coal Corporation to discuss the walkout.

TO SEEK JOBS For Older Vets

OTTAWA, April 3—(CP)—The veterans' affairs department has begun a drive to find employment for some 9,000 jobless older veterans. His career interrupted twice by war and again by the depression, the older ex-service man is in what government officials call a "serious situation."

Announcing the drive, Veterans Minister Mackenzie said citizens' groups in communities where the problem is difficult had promised complete co-operation.

LONDON — (CP)—Sir Basil Neven-Spence, Conservative M.P. for Orkney and Shetland, told a meeting here the discovery that Shetland cattle apparently have a natural immunity to tuberculosis holds out a prospect of developing a fully-resistant breed.

South West North East

Opening—2 3

North's jump to five hearts over three hearts should show a solid heart suit. Perhaps North thought that three to the king-ten would solidify the suit. In my opinion the king of spades or jack of hearts were much needed cards for a slam demand, but several pairs did reach seven-odd, and those who counted their tricks made it.

The count showed six heart tricks, the ace-king of diamonds, ace of clubs, two club ruffs, ace of spades, and maybe a spade trick would be established for thirteen.

The first trick was won in dummy with the king of diamonds, the ace of spades was cashed and a small spade trumped. A small club was trumped in dummy with the three of hearts, and another spade ruffed by declarer. Another club was ruffed in dummy, the king of hearts was cashed, and a spade led. There was no use for East to ruff, so declarer ruffed with the seven of hearts, and cashed the ace-queen of hearts, picking up East's trump. He cashed the ace of clubs, and still had a diamond to get over to dummy to cash the good nine of spades.

This was just a matter of counting up to thirteen and then planning the play so as to cash all thirteen tricks.

MONASTEREVAN, Eire — (CP)—Fire caused serious damage to historic Moore Abbey, former home of the late John McCormack. The building now is owned by the Sisters of the Immaculate Conception.

## HOW IS THE DATE OF EASTER FIXED?

In early times, all countries did not keep Easter on the same date. The churches of Asia Minor celebrated it on the same day as the Jews kept their Passover, while the churches of the West, remembering that Jesus rose on a Sunday, kept Easter on the Sunday following the Passover day. Then the Council of Nicea passed a decree that everywhere the great feast should be observed upon the same day, that day to be the Sunday following the Jewish Passover. Four rules were laid down for the fixing of the date.

It was decided that March 21 should be regarded as the spring equinox—the time in spring when day and night are equal; that the full moon on that date, or the next after that date, should be taken for the full moon of the Passover Day; and that if the full moon happened on a Sunday, Easter would be the Sunday after. This plan has been observed ever since.

In carrying out the arrangement for the fixing of Easter, various difficulties have arisen during the centuries owing to the fact that the moons do not correspond exactly with the calendar. A series, or cycle of 19 years has therefore been taken and numbered from 1 to 19, the numbers being known as the Golden Numbers. Then to each of these years has also been given a number which is the age, reckoned in days, of the moon at the beginning of the year. The numbers in this second series are known as Epacts, and from the Golden Number and Epact the full moon for deciding the date of Easter in any year may be worked out.

It is curious that in arranging the date of Easter according to rule, the spring equinox is a calendar date.

## TOMORROW: Early Indians of the West.

MACLEAN, April 3—(CP)—Donald MacLean, 69-year-old father of Mrs. Evelyn Dick and former steel-company manager, yesterday was sentenced to five years in penitentiary on a charge of being an accessory after the fact in the torso-slaying of his son-in-law, John Dick. He pleaded guilty yesterday.

EXCEPT for three weeks last month, when he was free on bail, the heavy-set, ruddy-faced MacLean already has been in jail a year awaiting trial.

The sentencing of MacLean brought to a close the trials resulting from finding of the torso of John Dick, 40-year-old Hamilton street car driver, on Hamilton Mountain on March 16, 1946. The elderly MacLean had been charged with murder in the Dick slaying. Yesterday, the case was taken from the jury and an acquittal was directed after which the court under Mr. Justice A. M. LeBel proceeded with the charge of being an accessory.

You may not agree with the bidding on today's hand, but that was the way it went when I kibitzed the hand in the world championship Masters individual tournament. Of course, when North bid two spades, he was inviting a slam. As a matter of fact, some players treat that bid as a slam demand.

## Consider Tenders For School Work

Four tenders received from Edmonton firms for plumbing, heating and ventilating of the new Mill Creek and Virginia Park schools on the South Side, were opened and discussed at a meeting of the Edmonton public school board held Tuesday.

THE TENDERS were referred to the school board superintendent of plant for additional consideration and recommendation and will come before the next meeting of the board for final decision.

Following were the tenders received from each of the four firms with the Mill Creek school estimate first and Virginia Park second in each instance:

H. Kelly and Co. Ltd.: \$37,413; Virginia Park, \$36,646; Lockertie and Hole, \$36,582; \$35,863; Haddow and Maughan \$32,506; \$32,363; Potts Plumbing and Heating Co. Ltd., \$33,035; \$32,638.

THE BOARD awarded a contract for 500 fluorescent lighting fixtures to the Alberta Electrical Supply Co. at a tendered price of \$136 per fixture.

Chairman J. C. Macdonald of the school board presided.

## Britain Stops Nelson Pension

LONDON, April 3—(Reuter)—The House of Commons has given final approval to a bill which ends the pension of £5,000 (\$20,000) paid annually to the family of Lord Nelson, hero of the Battle of Trafalgar. The pension will be ended at the death of the present Lord Nelson, who is 89, and his brother, who is 85. It has been estimated that the Nelson family has received more than £700,000 (\$2,800,000) from the pension.
